## Clinton White Working Class Hero:

**This Happened Here** Paul Street, 2021-12-28 This book examines the Trump phenomenon and presidency as fascist Fascism here connotes not generically bad politics or a consolidated political economic regime Mussolini's Italy or Hitler's Germany but a set of political movement and ideological traits understood within the context of the neoliberal capitalist era While Trump's election defeat is a respite the nation is far from out of the neofascist woods Defeating the menace will require political and societal restructuring far beyond what is imagined by Democrats This argument is developed across seven chapters that recount Trump's assault on the 2020 election specifically define the meaning of fascism as it is used in this book demonstrate the neofascist nature of the Trump presidency engage intellectual class Trumpism fascism denial analyze the Trump base root Trumpism in a longstanding and indeed founding American white nationalism examine why Trump rose to power when he did and suggest paths for fascism proofing the USA *America and the Misshaping of a New World Order* Giles Gunn, Carl Gutiérrez-Jones, 2010-06 An important and telling critique of the myth and rhetoric of contemporary American expansionism and grand strategy What is particularly original about these essays and unusually rare in studies of American foreign policy is their provocative combination of cultural and literary analysis with a subtle appreciation of the historical transformation of political forms and principles of world order Stephen Gill author of *Power and Resistance in the New World Order* **What's the Matter with White People?** Joan Walsh, 2013-04-16 Revised edition of *Indivisible* how America divided against itself Hoboken NJ John Wiley Sons c2012 *Sleeping Giant* Tamara Draut, 2018-04-17 REVISED AND UPDATED WITH A NEW PREFACE Today's working class is a sleeping giant And as Tamara Draut makes abundantly clear it is just now waking up to its untapped political power *Sleeping Giant* is the first major examination of the new working class and the role it will play in our economic and political future Blending moving individual narratives historical background and sophisticated analysis Draut forcefully argues that this newly energized class is far along in the process of changing America for the better Draut examines the legacy of exclusion based on race and gender that contributes to the invisibility of the new working class despite their entwinement in everyone's day to day life No longer confined to the assembly line today's working class watches our children and cares for our parents They park our cars screen our luggage clean our offices and cook and serve our meals They are us With Fight for 15 minimum wage protests popping up throughout the country and in some places winning and economic inequality being recognized as one of the defining issues of our time today's working class will soon become impossible to ignore and foolish to dismiss *Sleeping Giant* is the first book to tell the story of this extraordinary transformation in full and inspiring detail *The Future of Agency* Harry F. Dahms, 2025-01-31 Leading scholars address the multifaceted concept of agency dissecting its significance applications and challenges across various domains and situate agency in changing socio historical contexts *Merge Left* Ian Haney López, 2019-10-01 From the acclaimed author of *Dog Whistle Politics* an essential road map to neutralizing the role of racism

as a divide and conquer political weapon and to building a broad multiracial progressive future Ian Haney Lopez has broken the code on the racial politics of the last fifty years Bill Moyers In 2014 Ian Haney Lopez in Dog Whistle Politics named and explained the coded racial appeals exploited by right wing politicians over the last half century and thereby anticipated the 2016 presidential election Now the country is heading into what will surely be one of the most consequential elections ever with the Right gearing up to exploit racial fear mongering to divide and distract and the Left splintered over the next step forward Some want to focus on racial justice head on others insist that a race silent focus on class avoids alienating white voters Can either approach race forward or colorblind build the progressive supermajorities necessary to break political gridlock and fundamentally change the country s direction For the past two years Haney Lopez has been collaborating with a research team of union activists racial justice leaders communications specialists and pollsters Based on conversations interviews and surveys with thousands of people all over the country the team found a way forward By merging the fights for racial justice and for shared economic prosperity they were able to build greater enthusiasm for both goals and for the cross racial solidarity needed to win elections What does this mean It means that neutralizing the Right s political strategy of racial division is possible today And that s the key to everything progressives want to achieve A work of deep research nuanced argument and urgent insight Merge Left Fusing Race and Class Winning Elections and Saving America is an indispensable tool for the upcoming political season and in the larger fight to build racial justice and shared economic prosperity for all of us

**Privileged Populists** Micah J. Fleck,2022-02-10 Counter revolution has long been a tool of propagandists to redirect populist movements from achieving actual liberation for themselves But what happens when counter revolutionaries begin to believe their own claims of genuine revolution What leads to such a phenomenon And how big a role does mainstream political ideology and policy play in the mass ignorance and revisionism that has now allowed nationalism to influence national elections Privileged Populists sets out to answer these questions while aiming to understand the organic emergence of anti political populism within the context of late stage capitalism in the West This book analyses how these elements inform and validate each other as means of appealing to the growing sense of cultural angst and economic unrest within the conservative working class and unwittingly giving undue credence to some of the most extreme right wing ideological claims in the process What results is a journey through the history of revolutionary thought and how that history has been distorted over time as well as an anthropological investigation of populism itself as a naturally occurring logic within groups and how it can be exploited in the absence of substantive mainstream solutions to present day economic crises

**Work, Capitalism, and Democracy** Elizabeth Tandy Shermer,2026-02-01 No detailed description available for Work Capitalism and Democracy

**Trump and Political Philosophy** Angel Jaramillo Torres,Marc Benjamin Sable,2018-06-12 This book

aims to recover from ancient and modern thinkers valuable arguments about statesmanship leadership and tyranny which illuminate reassessments of political science and practice after the election of Donald Trump Like almost everyone else contemporary political scientists were blind sided by the rise of Trump No one expected a candidate to win who repeatedly violated both political norms and the conventional wisdom about campaign best practices Yet many of the puzzles that Trump's rise presents have been examined by the great political philosophers of the past For example it would come as no surprise to Plato that by its very emphasis on popularity democracy creates the potential for tyranny via demagoguery And perhaps no problem is more alien to empirical political science than asking if statesmanship entails virtue or if so in what that virtue consists This is a theme treated by Plato Aristotle and Machiavelli among others Covering a range of thinkers such as Confucius Plutarch Kant Tocqueville and Deleuze the essays in this book then seek to place the rise of Trump and the nature of his political authority within a broader institutional context than is possible for mainstream political science
