Lynn Roseberry and Mette Morsing

Corporate Social And Human Rights Responsibilities Global Legal And Management Perspectives

**Slobodan Kacanski, Johannes
Kabderian Dreyer, Kristian J. Sund**

Corporate Social And Human Rights Responsibilities Global Legal And Management Perspectives:

Corporate Social and Human Rights Responsibilities K. Buhmann, L. Roseberry, M. Morsing, 2010-12-08 This book challenges the separation between CSR and law. It also demonstrates that BRHR may be gradually separating from CSR through emphasis on state obligations. Authors from around the world discuss how businesses engage in CSR and human rights and how governments and intergovernmental organisations may support business in taking responsibility. *The Balanced Company* Inger Jensen, John Damm Scheuer, 2016-03-23 Today's organizations are embedded in global and local network relationships that demand more. They have to consider the importance to customers, investors and employees of being respected in wider society and behaving ethically so it is increasingly important for companies to reflect systematically on how to balance profits with other criteria when making decisions and acting. In short they need to learn how to become The Balanced Company. Requiring sustainability in production processes and ethical employment of the work force in suppliers' production facilities at home and abroad has resulted in new challenges. Strategists need to make balanced choices about long term goals and the allocation of resources. They must analyse, understand and adjust strategies to market, political, value and technology related changes. Communication specialists need to take the value systems and assumptions of stakeholders into consideration. Change specialists need to balance continuity and change. Meanwhile managers make balanced decisions about control or trust human resources design jobs to make them attractive as well as motivating and marketers must consider what is important to consumers and stakeholders. Last but not least leaders have to acknowledge that there are times when organizations have to be taken out of balance during change. The Balanced Company provides answers to corporately responsible and ethically driven balanced decision making. Read it to help your company and stakeholders identify what can be achieved and what to avoid and about the processes by which values are taken into account and applied in practice. *Measuring Sustainability and CSR: From Reporting to Decision-Making* Slobodan Kacanski, Johannes Kabderian Dreyer, Kristian J. Sund, 2023-03-28 This book discusses reliability and other related issues such as reporting and decision making pertinent to sustainability and corporate responsibility reporting practices. Investors, governments and NGOs expect businesses to report their environmental and social performance. This information is used to legislate, regulate industries and guide the investment of billions of dollars through pensions and mutual funds. But can we trust these measurements? In order to answer this question the editors and contributors, all academic thought leaders from a variety of fields, offer a set of reflections on problems that various stakeholders might be exposed to. These problems are mainly due to a lack of standardized reporting practices and guidelines and inconsistencies in measurements used for the valuation of corporate sustainability performance indicators. This book is of great interest to students, scholars and stakeholders to help comprehend the importance of accounting on sustainability practices for decision making and measures therein but also the reliability risks involved in these measurements. Thus it moves away from simply pushing for more

sustainability reporting towards a more critical discussion of measurement issues and potential consequences of the aforementioned problems to different fields such as finance marketing or strategy *Politics Between Nations* Adebowale Akande, 2023-06-27 This multidisciplinary volume examines the meaning of global conflict and cooperation by international actors that can be caused by dis or misinformation to people and discusses how to build diplomacy for peace and regional cooperation The book further identifies boundaries of the relationships among the various governments of the world transatlantic alliances international organizations non governmental organizations transnational corporations and the overall interdependence of nations in the making of the modern world Topics discussed in this volume include diplomacy international relations theory Eurasia politics European Union Brexit Taliban taking over of Kabul government and the ongoing Afghanistan conflict terrorism ISIS and Al Qaeda international law international organizations interstate and intrastate war threats and challenges global civil society religion and culture The volume advances contemporary theories and concepts to explain these issues concerning peoples and cultures in the complex world we live in The book is a must read for students researchers and scholars of international relations political science political history political geography economics and law in general as well as diplomacy political communication and security studies in particular **The Earth**

Charter, Ecological Integrity and Social Movements Laura Westra, Mirian Vilela, 2014-06-20 The Earth Charter is a declaration of fundamental ethical principles for building a just sustainable and peaceful global society with ecological integrity as a major theme This book provides a series of analyses of ecological integrity as it relates to the Earth Charter social movements and international law for human rights It is shown how the Earth Charter project began as a United Nations initiative but it was carried forward and completed by a global civil society initiative The drafting of the Earth Charter involved the most inclusive and participatory process of its time ever associated with the creation of an international declaration This process is the primary source of its legitimacy as a guiding ethical framework The Earth Charter was finalized and then launched in 2000 and its legitimacy has been further enhanced by its endorsement by over 6 500 organizations including many governments and international organizations In the light of this legitimacy an increasing number of international lawyers recognize that the Earth Charter is acquiring the status of a soft law document The book also shows the strong connection between ecological integrity and social justice particularly in the defence of indigenous people and includes contributions from both the North and the global South specifically from Central and South America

Human dignity and fundamental rights in South Africa and Ireland Anne Hughes, 2014-04-11 Post apartheid South Africa has yielded enlightened judicial decisions in contrast to the limited interpretation of human rights in Ireland The value of human dignity with its central position in international law underpins both countries Constitutions but has left a more striking mark in South Africa There it has impacted significantly on punishment for crimes family life children s rights defamation sexual violence investigations substantive equality and socio economic rights Practical guidance can be gleaned

from South Africa to revitalise Irish jurisprudence While its focus is on South Africa and Ireland this book draws on the experience of many countries and regions *European Yearbook of International Economic Law 2019* Marc Bungenberg, Markus Krajewski, Christian J. Tams, Jörg Philipp Terhechte, Andreas R. Ziegler, 2020-01-13 Volume 10 of the EYIEL focusses on the relationship between transnational labour law and international economic law on the occasion of the 100th anniversary of the International Labour Organisation ILO As one of the oldest UN Agencies the ILO has achieved considerable progress with respect to labour rights and conditions The contributions to EYIEL Volume 10 assess these achievements in light of current and future challenges The ILO's core instruments and legal documents are analysed and similarly the impact labour standards have on trade and investment agreements In its regional section EYIEL 10 addresses recent developments in the US and the EU including the US trade policy strategy towards China as well as the reform of the NAFTA In its part on institutions EYIEL 10 focusses inter alia on the role of the rule of law in relation to current practices of the International Monetary Fund and of the WTO's Appellate Body as an international court Furthermore it provides an overview of current cases before the WTO Finally the volume entails a section with review essays on recently published books in the field of international economic law and international investment law *The Asian Yearbook of Human Rights and Humanitarian Law*, 2020-07-27 The Asian Yearbook of Human Rights and Humanitarian Law aims to publish peer reviewed scholarly articles and reviews as well as significant developments in human rights and humanitarian law It examines international human rights and humanitarian law with a global reach though its particular focus is on the Asian region The focused theme of Volume 4 is India and Human Rights Globalisation and Ecological Integrity in Science and International Law Colin Soskolne, Laura Westra, Klaus Bosselmann, 2011-01-18 This volume returns to one of the major themes of the Global Ecological Integrity Group the interface between integrity as a scientific concept and a number of important issues in ethics international law and public health The main scholars who have worked on these topics over the years return to re examine these dimensions from the viewpoint of global governance Shaping Global Industrial Relations K. Papadakis, 2011-09-22 This book assesses the phenomenon of international framework agreements IFAs examining their implementation and impact around the world as well as their promotion of ILO standards This volume includes contributions from fifteen international specialists to give a comprehensive discussion of the 80 plus IFAs that existed in July 2010

Thank you entirely much for downloading **Corporate Social And Human Rights Responsibilities Global Legal And Management Perspectives**. Maybe you have knowledge that, people have look numerous times for their favorite books next this Corporate Social And Human Rights Responsibilities Global Legal And Management Perspectives, but end in the works in harmful downloads.
