

CORONADO

THE
PRESIDENT
THE
SECRET SERVICE
AND
ALIEN ABDUCTIONS

YVONNE R. SMITH C.H.T.

Coronado is a book I have waited impatiently for a long time to read. In this book Yvonne Smith has again gone directly to the evidence that can best answer the modern UFO mystery – the testimony of those people who have interacted with the intelligences behind the phenomena. What makes the unraveling of this mystery even more riveting is that the Hotel Del Coronado has hosted at least 15 U.S. presidents including President Bill Clinton who is on record having said he was abducted with the UFO subject. Clinton and his Secret Service were in the hotel on the weekend of the reported multiple abductions. It is a riveting contribution. Did the aliens purposely stage up the ultimate encounter story for the world to see? It is an intriguing mystery within a mystery worth checking into.

Coronado The President The Secret Service And Alien Abductions:

Coronado Yvonne Smith C.Ht., Yvonne R. Smith, 2014-06-02 A true story of a mass Alien Abduction through unedited hypnosis sessions you will delve into each individual account of these brave souls taken back to what should have been a pleasant trip to Coronado Island San Diego CA 1994

Out of Time Steve Aspin, 2023-08-24 In Out of Time The Intergenerational Abduction Program Explored author Steve Aspin has written a crossover work about the enduring worldwide reports of alien abduction The book is intended for both those familiar with the historic published case material and the curious reader unfamiliar with the decades of serious academic research on this superficially improbable phenomenon The author details his lifelong personal experience and the relationships he built with leading researchers during 15 years of investigating this phenomenon He has at all times attempted to approach the subject with critical thoroughness and intellectual rigour From stumbling on a cattle mutilation in Ireland in 1970 to witnessing a UFO after a period of missing time at age 16 in 1972 to a confrontational experience in a Sardinia hotel in 2006 the author relates a lifetime of anomalous experiences But this is only the starting point of the journey the reader of Out of Time will make Steve then details several years of investigation into the subject and how what he has learned has shaped his thoughts on what is happening to perhaps millions of people worldwide He had the good fortune to meet with several leading researchers in the field including Budd Hopkins and Dr David Jacobs and read hundreds of published works on the subject of UFOs and abductions He has attempted to bring hard forensic evidence to the discussion and to follow that evidence where it may lead paying particular attention to the clearly intergenerational aspect of the global abduction program which he demonstrates with corroborating evidence almost certainly dates from the 1890s His conclusions will be of interest to anyone attentive to this field of study Whether inevitably proved right or wrong they stem from a conscious effort to bring objectivity and honesty to the analysis of this widely reported phenomenon Although successfully normalised in popular culture to become background noise or a minor comic footnote in otherwise busy lives this subject has real and serious implications for both the individual experiencer and human society collectively

Un banquete troyano: extraterrestres, seres elementales y bigfoots Joshua Cutchin, 2016-09-26 Si hablamos de ovnis y comida enseguida nos viene a la mente el caso de Joe Simonton un criador de pollos de Wisconsin al que unos extraños seres llegados en una nave le ofrecieron unas tortitas alienígenas Pero la relación entre lo desconocido y los alimentos se reduce a casos anecdóticos como este O la aparición de comida y bebida en los encuentros con lo desconocido tiene algún sentido más allá de la casualidad En este sorprendente libro Joshua Cutchin realiza el primer estudio y análisis mundial sobre los alimentos que extraterrestres seres elementales y bigfoots han ofrecido a lo largo de la historia a los testigos Los casos son muchos y muy variados y no todo es siempre lo que parece ser algunos liguados tienen cualidades sanadoras o afrodisíacas aparecen alimentos que expanden la conciencia y hay encuentros que revelan un mundo invisible Un banquete troyano aborda un aspecto de lo desconocido que hasta ahora había permanecido pr

cticamente inexplorado y propone al respecto una novedosa hipótesis para explicar por qué estas extrañas criaturas usan la comida en sus encuentros
