Corporate Social Responsibility The Role Of Business In Sustainable Development Global Institutions:

Corporate Social Responsibility Oliver F. Williams, 2013-11-26 Over the last 30 years corporate social responsibility CSR has become a household term reflecting a combination of factors that we have come to associate with that most catch all of terms globalization including the widespread popular concern with such social issues as the environment and international human rights Corporate Social Responsibility examines the history of the idea of business ethics which goes back at least to ancient Mesopotamia before exploring the state of CSR today This book argues that a wide ranging understanding of the purpose of business is necessary to create value for a community of stakeholders which in turn can generate a sustainable future The book suggests that corporations still have a long way to go but remains optimistic The book's sanguine interpretation of the current state of corporate affairs and a recommended way forward results not only from the authors analysis but also his direct experience This book presents the case that we are in the midst of a major paradigm shift in our understanding of the purpose of business and that this new understanding holds much promise for business being a significant force for a more just and peaceful world This work provides a concise overview of CSR and an important examination of the present and future work of the UN Global Compact and will be of interest to students of international organizations international business and corporate social responsibility

Corporate Social Responsibility and Sustainable Development Risa Bhinekawati, 2016-12-19 This book supports Sen's assertions that poverty can be alleviated if the capability of individuals is improved Beyond that this book shows that sustainable development goals can be achieved when the company's CSR programs and social capital development in improving people's capabilities are combined with necessary finance access and market access for the poor The theoretical model developed from the journey of Astra International one of the largest public listed companies in Indonesia is replicable for other companies aspiring to be sustainable in developing countries The model shows a virtuous cycle between the corporate aim CSR programs social capital and corporate sustainability

The Oxford Handbook of International Organizations Jacob Katz Cogan, Ian Hurd, Ian Johnstone, 2016 This text provides an authoritative account of the law and politics of international organisations Looking at the role function and history of organisations it offers a wide ranging and thorough analysis of the area

The A to Z of Corporate Social Responsibility Wayne Visser, Dirk Matten, Manfred Pohl, Nick Tolhurst, 2010-06-28 CSR has now moved beyond the stage of specialist or niche subject to become an integral part of global business and society This timely edition is destined to become the definitive guide to CSR Sustainability Business Ethics and the organizations and standards in the field The A to Z of Corporate Social Responsibility is a unique publication and is the culmination of over a hundred of the world's leading thinkers opinion formers academic and business people providing an easy to use guide to CSR from general concepts such as sustainability stakeholder management business ethics and human rights to more specific topics such as carbon trading microfinance biodiversity the Base of the Pyramid model and globalisation In addition to definitions of the most important

terms across the wide range of CSR associated topics this book also covers all the most important codes and guidelines such as the Equator Principles the UN Global Compact and ISO standards as well as providing background on organizations such as the World Business Council for Sustainable Development and Transparency International and profiles of CSR in particular industries and regions This paperback edition includes all the latest developments in CSR as well as incorporating new sections on boardroom pay the sub prime market and the financial crisis Praise for the first edition A complete reference guide offers an invaluable combination of lessons learned and best practice for the future provides first hand insights Forum CSR International October 2008 This is a timely and innovative contribution to the field of Corporate Social Responsibility Retail Leisure International February 2008 a handy reference to have on the shelf behind your desk Ethical Performance February 2008 You will not find a wider display of today s key global players and their action programs than here CSR News net May 2008 The book contains a great deal of detailed research Supply Management May 2008 *Responsible Business and Sustainable Development* David Mhlanga,Mufaro Dzingirai,2024-06-28 Responsible and sustainable business practices are becoming increasingly important in the information age as companies are realizing the need to address ethical and social issues associated with their operations In today s interconnected world businesses have access to vast amounts of data that can be used to improve their bottom line but can also pose significant risks to individuals and society At the same time responsible business practices have the capacity to positively impact international development goals such as poverty alleviation economic growth responsible consumption and health and social welfare This book presents a transdisciplinary framework for addressing the 2030 Sustainable Development Agenda offering fresh perspectives from the Global South It provides an overview of the key challenges and opportunities associated with responsible business practices in the information age including the need to balance privacy and security concerns with data analytics and innovation It also highlights some of the best practices and initiatives such as stakeholder engagement transparency and accountability The book establishes the role of green leadership in promoting responsible production discusses the importance of measuring and reporting on sustainable innovation including the use of sustainability metrics and reporting frameworks Further it debates the importance of incorporating ethics and sustainability in strategic management practices It provides a comprehensive understanding of the integration of these values in organizational decision making By delving into the pressing matters that impact our world today the book generates a sense of urgency and awareness among its audience Its inclusive approach to exploring various perspectives and opinions invites readers to participate in a constructive dialogue broadening their understanding and deepening their empathy for different viewpoints NATIONAL, REGIONAL AND GLOBAL INSTITUTIONS, INFRASTRUCTURES AND GOVERNANCE - Volume I Neil Edward Harrison,Irene Lyons Murphy,2010-11-11 National Regional and Global Institutions Infrastructures and Governance is a component of Encyclopedia of Institutional and Infrastructural Resources in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of

twenty Encyclopedias This 2 volume set contains several chapters each of size 5000 30000 words with perspectives issues on National and Regional Institutions and Infrastructures Transparent Governance Empowerment Of Subnational Governments and Local Communities in a Decentralized And Unequal Polity Improving Institutional Support To Promote Sustainable Livelihoods These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs *Corporate Social Responsibility and Sustainable Development in Emerging Economies* Roopinder Oberoi, Dhirendra K.

Vajpeyi, 2015-12-24 *Corporate Social Responsibility and Sustainable Development in Emerging Economies* is an anthology of seven case studies plus two theoretical chapters in a comparative context It analyzes issues related to the rise of multinational corporations their immense economic and political influence in a globalized world and their social responsibility corporate citizenship Corporate social responsibility is closely examined in terms of meeting the challenges of the widening gap between rich and poor relationships with sovereign states environmental degradation exploitation of natural resources labor practices and human rights issues in societies in which multinational corporations operate Are these corporations exempt from social roles and accountable to only their shareholders the minimalist position propounded by economists such as Milton Friedman or do they also have ethical and social responsibilities to participate in improving the quality of human lives in impoverished societies in Africa Asia and Latin America **Proceedings of the XV International**

symposium Symorg 2016 Ondrej Jaško, Sanja Marinković, 2016-06-03 **Corporate Social Responsibility and International Development** Michael Hopkins, 2012-05-04 Presenting ideas for how business can lead the way in deriving the good from globalisation this book makes the case that governments and their international agencies grouped under the umbrella of the United Nations have failed in their attempts to rid the planet of underdevelopment and poverty **The Business Student's Guide to Sustainable Management** Petra Molthan-Hill, 2017-11-09 The Business Student's Guide to Sustainable Management has become a core textbook for business undergraduates With a full introduction to sustainable management the textbook covers all subject areas relevant to business students This second edition features fully updated chapters on how to integrate the Sustainable Development Goals into accounting marketing HR and other subjects in management and business studies Furthermore this second edition offers brand new chapters on how to teach the Principles for Responsible Management Education PRME in any business discipline how to explore new business models designed to support sustainable development and how to crowdsource for sustainable solutions The book contains over 40 ready made seminars short workshops which enable teachers and students to integrate the Sustainable Development Goals SDGs into every discipline in business including economics operations marketing HR and financial reporting Each chapter follows the same easy to use format The Business Student's Guide to Sustainable Management provides a true treasure chest of materials to support staff wanting to integrate sustainability into their teaching and provides support to effectively embed

sustainability in the curriculum The chapters also offer a starting point in developing teaching units for Masters and MBA students The material is not just useful to people in business schools but to those involved in wider scale curriculum change and those looking to make links between different disciplines for example how to teach system thinking corporate peace making and the crowdsourcing of sustainable solutions Online Teaching Notes to accompany each chapter are available on request with the purchase of the book
