Collection Of African Religion Volume 1:

Approaching the World's Religions, Volume 1 Robert Boyd, 2017-05-04 Philosophically Thinking about World Religions is different from other works in the discipline today It deviates from the typical approaches used for the study of world religions Its goal is to engage readers in thinking hard about world religions not about the data surrounding those traditions By focusing on philosophical questions each reader should be challenged to do their own investigations that may reveal the heart of these traditions Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions Pluralism which is the predominate assumption today ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory By taking an open inclusivist approach all religious traditions may engage at the table of dialogue The final essay is about justice and social affairs While that discussion is couched within the context of a particular tradition each religious tradition must have the discussion But it must be more than an intrareligious dialogue it must become an interreligious dialogue *Afro-Caribbean Religions* Nathaniel Samuel Murrell, 2010-01-25 A comprehensive introduction to the Caribbean s African based religions International Journal of Religion - Volume 1, Number 1 - November 2020 Jeffrey Haynes, Ahmet Erdi Ozturk, Eric M. social production and productivity of AIDS linking bodily and spiritual experiences and religious medical political and economic discourses the papers counter simplified notions of causal effects of AIDS on religion or vice versa Instead they display people s resourcefulness in their struggle to move ahead in spite of adversity This relativises the vision of doom widely associated with the African AIDS epidemic and it allows to see AIDS instead of a singular event as the culmination of a century long process of changing livelihoods bodily well being and spiritual imaginaries Atuolu Omalu Jonathan O.
