California Case Citation

California Style Manual,
The "Yellow Book"

Student Name: _____ Date: _____

Instructor: _____ Course: _____

IMPORTANT NOTE: Before starting this DLA you must have successfully completed the Introduction to California Citation DLA. All the activities (6) in this DLA must be completed in their entirety before meeting with a tutor and receiving credit. Where indicated, complete your work on this sheet.

Objective: Now that you understand how to integrate a reference to your legal sources, you must learn the exact format for your legal references. The California state court system follows the *California Style Manual*, better known as the "Yellow Book." This book gives very specific rules on how to cite various legal sources, including California cases. This activity takes students through an easy-to-follow, step-by-step process in which students learn how to cite California cases following the Yellow Book format.

There are three levels of courts in California

1. California Supreme Court: This is the state's highest court, and when possible you should use cases from this court because they have the highest level of authority on California law.

Example: *Morehart v. County of Santa Barbara* (1994) 7 Cal.4th 725 [29 Cal.Rptr.2d 804, 872 P.2d 143].

2. California Court of Appeals: These are the intermediate level courts in California. The state is divided into six districts. You can use any of these published case opinions (subject to Shepard's verification) but try to use cases from your client's appellate district (in Los Angeles County, the Second District).

Example: *People v. Roberts* (1994) 24 Cal.App.4th 1462 [29 Cal.Rptr.2d 771].

3. California trial courts: According to the California Rules of Court, Rule 8.1115, unpublished court opinions are not to be cited, and since trial court opinions are not published, they must not be cited. Refer to your LGL 31A professor for details on this rule.

Let's start with the rules for citing a case from the Supreme Court of California. The deciding court will be indicated near the top of the case, under the party names.

Case names: According to the Yellow Book, case names are italicized, whether you're citing the entire case name (*Marvin v. Marvin*) or just referring to the case by its short name (*Marvin*). However, if you're just referring to the parties, Mr. Marvin or Mrs. Marvin, you do not italicize their names. Further, we only use last names in the case title (not *Michelle Marvin v. Lee Marvin*). The case name is the only part of the citation that is italicized.
