Empowering Ourselves and Transforming Schools Judith W. Irwin,1996-09-12 In this readable and ground breaking text Irwin examines the forces that keep educators and students from feeling fully empowered She defines empowerment as gaining the power to self actualize and to facilitate this for others Grounding her arguments in feminist and critical examinations of domination Irwin begins by defining empowerment as fundamentally opposed to domination She then examines the implications of this definition for our educational system This book encourages the reader to consider new directions for educational reform and synthesizes current innovations under the umbrella philosophy of empowerment suggesting how the change from the patriarchal paradigm to one based on cooperation and connection might revolutionize the organization of schools and their classrooms The reader is challenged to develop his or her own philosophy and agenda for change through a series of reflective activities A comparative case study of five empowered teachers is included to demonstrate that empowerment is an individual as well as a collective process

Create Your School Library Writing Center Timothy Horan,2017-10-17 The inventor of the School Library

Writing Center makes it easy for librarians and teachers of kindergarten through sixth grade learners to provide highly effective writing instruction. Students in the early years of their development have a tremendous capacity for learning. By focusing on providing authentic writing experiences for kindergarten through sixth grade students, librarians and teachers can help transform students into competent writers well before they reach middle school. Written by the inventor of the School Library Writing Center, this book is the only one of its kind. It gives you clear and easy-to-read instructions on how to create and structure engaging and productive lessons in writing, as well as reproducible worksheets that are ready to implement in your library or classroom. Each worksheet relates directly to writing lessons discussed in the book and serves to guide students and their teachers as they explore the exciting world of writing. Readers will learn why and how they can create and maintain a School Library Writing Center. The book moves sequentially through the grade levels, starting with kindergarten and concluding at grade six, with each chapter focusing on a specific grade level. The author explains best practices with regards to tutoring writing in each grade, discusses the developmental levels and skills expected in a particular grade with regards to writing and reading, addresses grade-specific Common Core learning standards, discusses grade-appropriate online resources and technology-enabled activities that will help students become better writers, and identifies practical tutoring methods that will help students develop as writers.
