Ceo Chief Evolutionary Officer Leaders Mapping The Future:

CEO-- Chief Evolutionary Officer August T. Jaccaci, Susan B. Gault, 1999 This book is about evolutionary leadership and collaborating to create the future of business Jaccaci is respected as a futurist and a social architect and who presently works with leaders who want to create the most ideal futures for their enterprises Gault comes out of Digital s Engineering and Software Division where she was a group manager in information design and consulting Together they ve created a model called Metamatrix to create a domain map as a creative vision based based on the dynamics of transformative growth This is a call to leaders to evolve their enterprises in a way that serves life and uses nature s successful growth patterns The authors assert that doing so is a path to abundant social and financial profits They teach the reader how to map a domain of business predict the future of that domain and plan for the enterprise s evolutionary success in that domain and beyond The book gives the reader a clear view of a future ideal and teaches the creative thinking and evolutionary dynamics needed to practically move into action Unique in that it tells leaders how to create a vision of their own making It is an entire system of insights and tools CEO is a book whose purpose is to inspire leaders in all capacities to undertake responsibility for designing conscious evolution of for profit and non profit enterprises and communities of all kinds It provides the rationale and philosophy supporting our call to conscious evolution and it provides a vision of the future that can be collectively created The rationale and philosophy are based in Social Architecture Social Architecture uses natural order and general periodicity as models for the planning of human fulfillment In applying the principles of natural order and general periodicity to growth and learning August Jaccaci discovered the METAMATRIX Map for visualizing and charting transformative growth The generic METAMATRIX Map and examples of its application provide the basis for planning conscious evolution throughout the book On the concrete side CEO tells how you can grow and evolve your enterprise including businesses in a way that is both profitable and Earth friendly The METAMATRIX Domain Mapping application helps you scope out the activity of a whole domain or industry and plan for a leadership role in that domain Using the Domain Mapping process Chief Evolutionary Officers and all leaders can create an ideal vision of the future for their enterprise and map their way to that future This is a call to leaders to evolve their enterprises in a way that serves life and uses nature s successful growth patterns The authors assert that doing so is a path to abundant social and financial profits They teach the reader how to map a domain of business predict the future of that domain and plan for the enterprise s evolutionary success in that domain and beyond The book gives the reader a clear view of a future ideal and teaches the creative thinking and evolutionary dynamics needed to practically move into action Unique in that it tells leaders how to create a vision of their own making It is an entire system of insights and tools Gives the reader a clear view of a future ideal and teaches the creative thinking and evolutionary dynamics needed to practically move into action Entire system of insights and tools Ellen LaConte, 2010-10-01 LaConte s book offers a compelling answer To The now universal question suggested by her subtitle The global economy has gone viral it is

ravaging Earth's equivalent of an immune system the way HIV ravages the human immune system triggering a Critical Mass of AIDS like mutually reinforcing environmental economic social and political crises that are undermining the ability of human and natural communities to support protect and heal themselves LaConte's prognosis Since Life rules we don't Life will last but Life as we know it and a lot of us won't LaConte shows that Life learned two billion years ago how to deal with pathological economies it put them out of business it encoded in other than human species a set of Economic Rules for Survival that allow them to live within Earth's means long term In accessible prose LaConte explains how those rules can work for humans too Recommended as a tool for community transition and cultural transformation Life Rules offers a solution to our global crisis the publishers call authentically conservative deeply Green and profoundly liberating

Enough! Laurie McCammon, 2016-04-01 Rediscover your self worth boost your self confidence and develop a sense of enoughness that can improve your life and the world around you Do you like so many of us believe that you will never have enough time money talent or love to truly be happy Do you think you're not good enough not rich enough or thin enough or smart enough to have the life you want Or that problems in your community or the world around you could be solved if only there were more to go around Everywhere all the time we get this message that there is something lacking something more something better to strive for In fact the idea that there isn't enough or you aren't enough is so deeply ingrained in us and into our culture that it holds sway over almost every aspect of our lives from how we perceive our self worth and our skills as parents friends and partners I am not enough to the ways in which we are taught and governed Author and activist Laurie McCammon wrote this book to show that that is all a lie Discover how your own never enough thinking has been limiting you and how to challenge it in all the places it lurks Let Laurie show you how to develop a sense of enoughness that can change not only how you feel about yourself but how you view time your relationships your work and the possibilities for helping to shape a better you and a better world Praise for *Enough* Like a breath of fresh air along comes Laurie McCammon's marvelous book to show us just how we got into too much and all its consequences and just how simple it is to get off the roller coaster and into a more peaceful and loving life ride This book is a must for a saner and more caring future Elisabet
