Creating The Vietnam Veterans Memorial The Inside Story:

Creating the Vietnam Veterans Memorial Robert W. Doubek, 2015-07-02 Since its dedication in 1982 the Vietnam Veterans Memorial has become an American cultural icon symbolizing the war in Vietnam the defining experience of the Baby Boom generation The black granite wall of names is one of the most familiar media images associated with the war and after three decades the memorial remains one of the nation's most visited monuments While the memorial has enjoyed broad acceptance by the American public its origins were both humble and contentious A grassroots effort launched by veterans with no funds the project was completed in three and a half years But an emotional debate about aesthetics and the interpretation of heroism patriotism and history nearly doomed the project Written from an insider's perspective this book tells the complete story of the memorial's creation amid Washington politics a nationwide design competition and the heated controversy over the winning design and its creator

Asian American History Day by Day Jonathan H. X. Lee, 2018-10-12 For student research this reference highlights the importance of Asian Americans in U S history the impact of specific individuals and this ethnic group as a whole across time documenting evolving policies issues and feelings concerning this particular American population Asian American History Day by Day A Reference Guide to Events provides a uniquely interesting way to learn about events in Asian American history that span several hundred years and the contributions of Asian Americans to U S culture in that time The book is organized in the form of a calendar with each day of the year corresponding with an entry about an important event person or innovation that span several hundred years of Asian American history and references to books and websites that can provide more information about that event Readers will also have access to primary source document excerpts that accompany the daily entries and serve as additional resources that help bring history to life With this guide in hand teachers will be able to more easily incorporate Asian American history into their classes and students will find the book an easy to use guide to the Asian American past and an ideal jumping off point for more targeted research

A Rift in the Earth James Reston, 2017-09-05 A Distinguished and Bestselling Historian and Army Veteran Revisits the Culture War that Raged around the Selection of Maya Lin's Design for the Vietnam Memorial A Rift in the Earth tells the remarkable story of the ferocious art war that raged between 1979 and 1984 over what kind of memorial should be built to honor the men and women who died in the Vietnam War The story intertwines art politics historical memory patriotism racism and a fascinating set of characters from those who fought in the conflict and those who resisted it to politicians at the highest level At its center are two enduring figures Maya Lin a young Asian American architecture student at Yale whose abstract design won the international competition but triggered a fierce backlash among powerful figures and Frederick Hart an innovative sculptor of humble origins on the cusp of stardom James Reston Jr a veteran who lost a close friend in the war and has written incisively about the conflict's bitter aftermath explores how the debate reignited passions around Vietnam long after the war's end and raised questions about how best to honor those who

fought and sacrificed in an ill advised war Richly illustrated with photographs from the era and design entries from the memorial competition A Rift in the Earth is timed to appear alongside Ken Burns s eagerly anticipated PBS documentary The Vietnam War The memorial appears as a rift in the earth a long polished black stone wall emerging from and receding into the earth Maya Lin I see the wall as a kind of ocean a sea of sacrifice I place these figures upon the shore of that sea Frederick Hart

Beyond the Quagmire Geoffrey W. Jensen,Matthew M. Stith,2019-03-15 In Beyond the Quagmire thirteen scholars from across disciplines provide a series of provocative important and timely essays on the politics combatants and memory of the Vietnam War Americans believed that they were supposed to win in Vietnam As veteran and Pulitzer Prize winning author Philip Caputo observed in A Rumor of War we carried along with our packs and rifles the implicit convictions that the Viet Cong would be quickly beaten and that we were doing something altogether noble and good By 1968 though Vietnam looked less like World War II s triumphant march and more like the brutal and costly stalemate in Korea During that year the United States paid dearly as nearly 17 000 perished fighting in a foreign land against an enemy that continued to frustrate them Indeed as Caputo noted We kept the packs and rifles the convictions we lost It was a time of deep introspection as questions over the legality of American involvement political dishonesty civil rights counter cultural ideas and American overreach during the Cold War congealed in one place Vietnam Just as Americans fifty years ago struggled to understand the nation s connection to Vietnam scholars today across disciplines are working to come to terms with the long and bloody war its politics combatants and how we remember it The essays in Beyond the Quagmire pose new questions offer new answers and establish important lines of debate regarding social political military and memory studies The book is organized in three parts Part 1 contains four chapters by scholars who explore the politics of war in the Vietnam era In Part 2 five contributors offer chapters on Vietnam combatants with analyses of race gender environment and Chinese intervention Part 3 provides four innovative and timely essays on Vietnam in history and memory In sum Beyond the Quagmire pushes the interpretive boundaries of America s involvement in Vietnam on the battlefield and off and it will play a significant role in reshaping and reinvigorating Vietnam War historiography
