Creating a Classroom Community of Young Scientists Jeffrey W. Bloom, 2006-07-20 Creating a Classroom Community of Young Scientists helps teachers both pre service and in service to develop exciting science programs in their classrooms This book provides the groundwork for designing and implementing a science program that takes into account the latest research in teaching and learning It provides an approach that will capture children s imaginations stimulate their curiosity and create a strong foundation for their continued interest in and appreciation of science and the world in which they live The book is designed to be user friendly and offers an approach to teaching science that is exciting for teachers as well This thoroughly revised second edition focuses on making inquiry more explicit both in terms of the process of inquiry and teaching in ways that capitalize on children s curiosity and questions New material has also been added on U S and Canadian science standards as well as professional standards for teachers

Creating the Practical Man of Modernity Victor J. Rodriguez, 2016-12-01 Focused on the appropriation of John Dewey s ideas on progressive education in revolutionary Mexico this book reconsiders the interpretation and application of Dewey s ideas in the world Rodriguez examines the use of Dewey in Mexico s state building projects as a vantage point to assess the global impact of Dewey s pedagogy As these projects converged with Dewey s desire to employ education as a tool for effective social change Rodriguez understands Dewey not just as a philosopher but as an integral part of the Americas progressive movement and era
