Cherry Blossom Epiphany -- The Poetry and Philosophy of a Flowering Tree Robin D. Gill, 2006-10 Cherry Blossom Epiphany the poetry and philosophy of a flowering tree a selection translation and lengthy explication of 3000 haiku waka senryu and kyōka about a major theme from I P O O H In Praise Of Olde Haiku by robin d gill 1 Haiku Translation from Japanese to English 2 Japanese poetry 8c 20c waka haiku and senryu 3 Natural History flowering cherries 4 Japan Culture Edo Era 5 Nonfiction Literature 6 Translation applied 7 You tell me If the solemn yet happy New Year's is the most important celebration of Japanese Yamato ethnic culture and the quiet aesthetic practice of Moon viewing in the fall the most elegant expression of Pan Asian Buddhism religion the subject of this book Blossom viewing which generally means sitting down together in vast crowds to drink dance sing and otherwise enjoy the flowering cherry in full bloom is less a rite than a riot a word originally meaning an uproar The major carnival of the year it is unusual for being held on a date that is not determined by astronomy astrology or the accidents of history as most such events are in literate cultures It takes place whenever the cherry trees are good and ready Enjoyed in the flesh the blossom viewing or hanami is also of the mind so much so in fact that poetry is often credited with the spread of the practice over the centuries from the Imperial courts to the maids of Edo Nobles enjoyed link verse contests presided over by famous poet judges Hermits hung poems fettering this flower of flowers to say the generic flower hana in Japanese connotes cherry on strips of paper from the branches of lone trees where only the wind would read them In the Occident too flowers embody beauty and serve as reminders of mortality but there is no flower that like the cherry blossom stands for all flowers Even the rose by any name cannot compare with the sakura in depth and breadth of poetic trope or viewing practice In Cherry Blossom Epiphany Robin D Gill hopes to help readers experience metaphysically some of this alternative world Haiku is a hyper short 17 syllable or 7 beat Japanese poem directly or indirectly touching upon seasonal phenomena natural or cultural Literally millions of these ku have been written some perhaps many times about the flowering cherry sakura and the human activity associated with it blossom viewing hanami As the most popular theme in traditional haiku haikai cherry blossom ku tend to be overlooked by modern critics more interested in creativity expressed with fresh subjects but this embarrassment of riches has much to offer the poet who is pushed to come up with something anything different from the rest and allows the editor to select from what is for all practical purposes an infinite number of ku Literary critics take note

Like *Rise Ye Sea Slugs* 2003 and *Fly ku* 2004 this book not only explores new ways to anthologize poetry but demonstrates the practice of multiple readings an average of two per ku as part of a composite translation turned into an object of art by innovative clustering Book collectors might further note that while *Cherry Blossom Epiphany* may not be hardback it takes advantage of the many symbols included with Japanese font to introduce design ornamentation the circle within the circle the reverse Buddhist swastika etc hitherto not found in English language print It is a one of a kind work of design by the author

Beauty in Whitehead and Japanese Aesthetics Steve Odin, 2016-05-19 The present volume endeavors to make a contribution to contemporary Whitehead studies by clarifying his axiological process metaphysics including his theory of values concept of aesthetic experience and doctrine of beauty along with his philosophy of art literature and poetry Moreover

it establishes an east west dialogue focusing on how Alfred North Whitehead's process aesthetics can be clarified by the traditional Japanese Buddhist sense of evanescent beauty. As this east west dialogue unfolds, it is shown that there are many striking points of convergence between Whitehead's process aesthetics and the traditional Japanese sense of beauty. However, the work especially focuses on two of Whitehead's aesthetic categories including the penumbral beauty of darkness and the tragic beauty of perishability, while further demonstrating parallels with the two Japanese aesthetic categories of *yugen* and *wabi*. It is clarified how both Whitehead and the Japanese tradition have articulated a poetics of evanescence that celebrates the transience of aesthetic experience and the ephemerality of beauty. Finally, it is argued that both Whitehead and Japanese tradition develop an aesthetics of beauty as perishability culminating in a religious aesthetic vision of tragic beauty and its reconciliation in the supreme ecstasy of peace or nirvana.
