Luke Arthur Just Jr., Thomas C. Oden, 2003-02-19 For the church fathers the Gospels did not serve as resources for individual analysis and academic study They were read and heard and interpreted within the worshiping community Among such sermons on Luke that have survived this ACCS volume includes selections from Origen and Cyril of Alexandria as well as church fathers who addressed exegetical issues in theological treatises pastoral letters and catechetical lectures **The Making of the New Testament Documents** E. Earle Ellis, 2021-10-25 The Making of the New Testament Documents investigates literary tradition and their implications for the authorship origin and dating of the New Testament Gospels and letters Building upon earlier research it identifies and compares preformed pieces that in the letters call into question the traditional view that the letters were the sole product of an individual whose authorship could be vetted by internal criteria of vocabulary style and theological expression The numerous and diverse epistolary traditions many non authorial argue for a kind of corporate authorship that until now has been unappreciated and apparently unknown to critical scholarship A comparison of the traditions and of the common opposition they sometimes have in view supports a synchronic relationship of the various New Testament documents all of which with the exception of John s Gospel and letters reflect the pre AD 70 period It thus challenges the tradition of F C Baur still widely followed that apart from a few Pauline letters dates New Testament writings from the last decades of the first century to the first half of the second The author contends that the New Testament is the product of four contemporaneous and cooperating apostolic missions each of which produced a Gospel and a number of letters and each of which faced the same judaizing gnosticizing countermission These four allied missions shared both Gospel and epistolary traditions even as they pursued their discrete tasks in the service of the church The arguments of this book if persuasive will require a reassessment of the history of early Christianity This publication has also been published in paperback please click here for details **Comparing Religions** Thomas Athanasius Idinopulos, Brian C. Wilson, James Constantine Hanges, 2018-08-14 Given the fact that today s university students are far more culturally sophisticated than ever before Comparing Religions Possibilities and Perils brings together a distinguished group of professors of religion with years of teaching experience to address the central question of how comparison of religions should be pursued in today s classroom Covering topics such as recent theoretical approaches to comparison case studies of comparing religions in the classroom and the impact of postcolonialism and postmodernism on the modernist assumptions of comparativism the volume seeks to problematize and interrogate the field especially as it relates to emerging models of pedagogy at the university level Comparing Religions will be of especial interest to those who teach in religious studies departments or who teach courses on religion in departments of anthropology sociology and history **Cinemascope 3** John Howard Reid, 2006-01-18 This third collection of widescreen wonders photographed in CinemaScope focuses on such popular movies as Love Is a Many Splendored Thing Cleopatra Three Coins in the Fountain Bus Stop There s No Business
