A Century of Negro Migration Carter G. Woodson, 2014-05-20 A Century of Negro Migration The Black Exodus African American Studies The story every American should know A Century of Negro Migration The Black Exodus by Carter G Woodson African American Studies Social Sciences The migration of the blacks from the Southern States to those offering them better opportunities is nothing new The objective here therefore will be not merely to present the causes and results of the recent movement of the Negroes to the North but to connect this event with the periodical movements of the blacks to that section from about the year 1815 to the present day That this movement should date from that period indicates that the policy of the commonwealths towards the Negro must have then begun decidedly to differ so as to make one section of the country more congenial to the despised blacks than the other As a matter of fact to justify this conclusion we need but give passing mention here to developments too well known to be discussed in detail Slavery in the

original thirteen States was the normal condition of the Negroes When however James Otis Patrick Henry and Thomas Jefferson began to discuss the natural rights of the colonists then said to be oppressed by Great Britain some of the patriots of the Revolution carried their reasoning to its logical conclusion contending that the Negro slaves should be freed on the same grounds as their rights were also founded in the laws of nature And so it was soon done in most Northern commonwealths In treating this movement of the Negroes the writer does not presume to say the last word on the subject The exodus of the Negroes from the South has just begun The blacks have recently realized that they have freedom of body and they will now proceed to exercise that right To presume therefore to exhaust the treatment of this movement in its incipency is far from the intention of the writer The aim here is rather to direct attention to this new phase of Negro American life which will doubtless prove to be the most significant event in our local history since the Civil War Many of the facts herein set forth have seen light before The effort here is directed toward an original treatment of facts many of which have already periodically appeared in some form As these works however are too numerous to be consulted by the layman the writer has endeavored to present in succinct form the leading facts as to how the Negroes in the United States have struggled under adverse circumstances to flee from bondage and oppression in quest of a land offering asylum to the oppressed and opportunity to the unfortunate How they have often been deceived has been carefully noted With the hope that this volume may interest another worker to the extent of publishing many other facts in this field it is respectfully submitted to the public

A Century of Negro Migration from the Association for the Study of Negro Life and History Carter G. Woodson,2008-05-01 A study of race from Carter G Woodson the creator of Black History Month *Black Resettlement and*

the American Civil War Sebastian N. Page, 2021-01-28 Based on sweeping research in six languages *Black Resettlement and the American Civil War* offers the first comprehensive comparative account of nineteenth century America's greatest road not taken the mass resettlement of African Americans outside the United States Building on resurgent scholarly interest in the so called colonization movement the book goes beyond tired debates about colonization's place in the contest over slavery and beyond the familiar black destinations of Liberia Canada and Haiti Striding effortlessly from Pittsburgh to Panama Toronto to Trinidad and Lagos to Louisiana it synthesizes a wealth of individual state level and national considerations to reorient the field and set a new standard for Atlantic history Along the way it shows that what haunted politicians from Thomas Jefferson to Abraham Lincoln was not whether it was right to abolish slavery but whether it was safe to do so unless the races were separated
