De Maagd En De Soldaat Koloniale Monumenten In Amsterdam En Elders

Jan Nijman

De Maagd En De Soldaat Koloniale Monumenten In Amsterdam En Elders:

De maagd en de soldaat Ewald Vanvugt, 1998-01-01 Overzicht van en rondgang langs openbare beeldhouwwerken vooral in Amsterdam die betrekking hebben op het Nederlandse koloniale verleden *Vestiges of Colonial Empire in France* R. Aldrich, 2004-12-10 This book offers the first comprehensive study of sites of memory in France connected to the history of French imperialism and colonialism and the ways that the French have remembered or forgotten their colonial past Through a study of monuments memorials museum collections and other sites of memory in France connected with France's overseas empire this book analyzes the way in which French authorities marked the Paris and provincial landscapes with these reminders of France's colonial mission during the period of imperial expansion and the fate of these sites in the post colonial period and what that evolution reveals about French memory and amnesia of the colonial epoch *Neocolonialism and Built Heritage* Daniel E. Coslett, 2019-07-02 Architectural relics of nineteenth and twentieth century colonialism dot cityscapes throughout our globalizing world just as built traces of colonialism remain embedded within the urban fabric of many European capitals Neocolonialism and Built Heritage addresses the sustained presence and influence of historic built environments and processes inherited from colonialism within the contemporary lives of cities in Africa Asia and Europe Novel in their focused consideration of ways in which these built environments reinforce neocolonialist connections among former colonies and colonizers states and international organizations the volume's case studies engage highly relevant issues such as historic preservation heritage management tourism toponymy and cultural imperialism Interrogating the life of the past in the present authors thus challenge readers to consider the roles played by a diversity of historic built environments in the ongoing asymmetrical balance of power and unequal distribution capital around the globe They present buildings maintenance management reuse and re interpretation and in so doing they raise important questions the ramifications of which transcend the specifics of the individual sites and architectural histories they present [A Companion to Nineteenth-Century Europe, 1789 - 1914](#) Stefan Berger, 2008-04-15 This Companion provides an overview of European history during the long nineteenth century from 1789 to 1914 Consists of 32 chapters written by leading international scholars Balances coverage of political diplomatic and international history with discussion of economic social and cultural concerns Covers both Eastern and Western European states including Britain Pays considerable attention to smaller countries as well as to the great powers Compares particular phenomena and developments across Europe [Imagining Global Amsterdam](#) Marco de Waard, 2012-01-01 Imagining Global Amsterdam gaat over het beeld van Amsterdam in film literatuur visuele kunst en in het moderne stedelijke discours in het bijzonder in de context van de mondialisering De essays gaan onder andere dieper in op Amsterdam als een lieu de m moire van de vroeg moderne wereldhandel Wat betekent deze herinnering in de hedendaagse cultuur Waarom verwijzen zo veel contemporaine films en romans naar dit verleden terug Ook het internationale imago van Amsterdam als een multicultureel en ultra tolerant %x global village %x komt aan bod

Waarom is dit beeld zo persistent en hoe heeft het zich in de loop van de laatste decennia ontwikkeld Tot slot wordt ingegaan op de vraag hoe mondialiseringsprocessen ingrijpen in de stadscultuur zoals in het prostitutiegebied op de Wallen en via de erfgoedindustrie Hoe manifesteert de mondialisering zich in de stad en welke rol speelt beeldvorming daarbij Deze bundel vormt een rijk geschakeerd onderzoek naar de relatie tussen Amsterdam mondialisering en stedelijke beeldvorming Marco de Waard is als docent literatuurwetenschap verbonden aan het Amsterdam University College *Postcolonial Netherlands* Gert Oostindie, 2011 The Netherlands is home to one million citizens with roots in the former colonies Indonesia Suriname and the Antilles Entitlement to Dutch citizenship pre migration acculturation in Dutch language and culture as well as a strong rhetorical argument We are here because you were there were strong assets of the first generation This postcolonial bonus indeed facilitated their integration In the process the initial distance to mainstream Dutch culture diminished Postwar Dutch society went through serious transformations Its once lily white population now includes two million non Western migrants and the past decade witnessed heated debates about multiculturalism The most important debates about the postcolonial migrant communities center acknowledgment and the inclusion of colonialism and its legacies in the national memorial culture This resulted in state sponsored gestures ranging from financial compensation to monuments The ensemble of such gestures reflect a guilt ridden and inconsistent attempt to do justice to the colonial past and to Dutch citizens with colonial roots *Postcolonial Netherlands* is the first scholarly monograph to address these themes in an internationally comparative framework Upon its publication in the Netherlands 2010 the book elicited much praise but also serious objections to some of the author's theses such as his prediction about the diminishing relevance of postcolonial roots Publisher's description *Amsterdam's Canal District* Jan Nijman, 2020-08-26 This book chronicles the Amsterdam's 17th century Canal District District's origins and historical evolution over 400 years and debates its future prospects under pressures of global tourism gentrification and rapid economic change **Museums in Postcolonial Europe** Dominic Thomas, 2013-09-13 The history of European nation building and identity formation is inextricably connected with museums and the role they play in displaying the acquired spoils and glorious symbols of geopolitical power in order to mobilize public support for expansionist ventures This book examines the contemporary debate surrounding the museum in postcolonial Europe Although there is no consensus on the European colonial experience the process of decolonization in Europe has involved an examination of the museum's place and ethnic minorities and immigrants have insisted upon improved representation in the genealogies of European nation states Museological practices have been subjected to greater scrutiny in light of these political and social transformations In addition to the refurbishment and restructuring of colonial era museums new spaces have also been inaugurated to highlight the contemporary importance of museums in postcolonial Europe as well as the significance of incorporating the perspective of postcolonial European populations into these spaces This book includes contributions from leading experts in their fields and represents a comparative trans historical and

transcolonial examination which contextualises and reinterprets to the legacies and experiences of European museums This book was published as a special issue of Africa and Black Diaspora An International Journal **Eurocentrism** Michael Wintle,2020-09-01 This book raises awareness of Eurocentrism s enormous impact and shows how over the course of five centuries Eurocentrism has extended its power across the globe In the twenty first century Eurocentrism s hegemony remains powerful By exploring a wide range of sources including Eurocentric maps and images historiography and Rudyard Kipling s White Man s Burden Wintle uncovers Eurocentrism s gradual evolution and reveals the ways in which it functions at both seen and unseen levels Taking a thematic and then empirical approach Eurocentrism offers a detailed and comprehensive discussion of Eurocentrism s problems and dangers pays special attention to the work of Samir Amin and James Blaut and applies notions garnered in the book to discuss Eurocentrism within the context of the twenty first century European Union This study questions Eurocentrism s function its history and its importance providing a fresh insight into one of the world s most complex and powerful cultural phenomena With its multi and interdisciplinary analysis this book is an indispensable tool for both scholars and students concerned with modern history politics visual culture and political geography **The Age of Empires** Robert Aldrich,2020-06-23 The critical story of thirteen empires showing their key role in the foundation of today s global civilization For over five hundred years empires have been a feature of the political landscape and today many contemporary conflicts resonate with issues tied to colonial conquest and the uneasy situations they produced Empires evoke potent images Henry Morton Stanley David Livingstone and the gallery of colonial explorers the Spanish conquistadors quest for gold and silver and the Dutch heritage of trade in the East Indies These legacies still pose major issues for historians who study their key role in the foundation of today s global civilization The Age of Empires frames the era of empires with maps of explorations chronologies of voyages records of settlers and administrators the balance sheets of commerce and other records that made up the Age of Empires This account incorporates research from across the globe and vivid illustrations to tell a story full of conflict cruelty great journeys and influence
