Malgré l'ignorance de son nom antique et de son statut civique, Rirha constitue néanmoins un jalon supplémentaire dans la connaissance du monde des cités du Maroc antique.

Les Livres de L'année, 1927 *Les Livres du mois*, 1928 *Bibliographie de la France, ou Journal général de l'imprimerie et de la librairie*, 1928

Résistance et dévotion Virginie Prevost, 2023-10-06
 This volume presents a detailed study of the memory of ancient mosques in Djerba with a well illustrated corpus of 48 buildings to build the history of the Ibadites and their struggle for the preservation of their identity. The main source is Ras il d al l t m 1099 1688 1689 which demonstrates the importance of piety and study to these people. The very strong presence of religion is felt in the multiplicity of places of prayer and in the sacred meshwork of the island which all demonstrates. At any time in any place whether it be by the tomb of a prestigious scholar, a small prayer square or a mosque, religion and respect for the ancestors are remembered by the faithful. An analysis of the buildings shows their particular infrastructure with a defensive nature: buttresses, thick walls, defensive parapets, loopholes and machicolations demonstrating the presence of both internal struggles between Wahbite Ibadites and Nekk rites and external threats from Tunis or European powers. They defended their particularism in a Maghreb that is more and more Malikite and more and more Arabized.
