Harvard University, Thunderbird University and Cranfield University UK have been publishing case studies for 20+ years. Courses such as Marketing Research, Sales Management and Marketing Management are required in the undergraduate or MBA program. Hsu (2006) wrote a paper on Marketing Research. Job market is very good. A quick search on Hotjobs (2009) yielded 2538 jobs for sales, 2280 for marketing, 3449 jobs for manager. The results from CareerBuilder (2009) gave 2651 for sales, 2938 for marketing, 4519 jobs for manager. This search was done for Manhattan with zip code 10001, and a twenty-mile radius.

In the down economy, marketing and sales managers fare much better than other managers, CNBC (2009). Every business needs to generate revenue. Sales people are always in demand. Marketing manager sets up a strategic marketing plan. Sales managers hire a team of salespeople, to execute this plan. For the large companies, they work closely together. For the small firms, marketing manager does the sales manager's job. The two job functions overlap quite often.

Since 1996, internet e-commerce quickly became the new paradigm for doing business. The savvy managers must take advantage of employing e-commerce to reach the global consumers. Managing the global e-commerce sales and marketing, will be the growth area for the next ten years.
