Outline of the book

The dual nature of this book helps you build a strong foundation in Word and prepares you for the exam. The first chapter gets you started right away opening Word and learning about the user interface and important terminology. For those interested in taking the exam, it includes how to register for the exam and find an exam center, tips on using your time wisely during the exam, and information on scores and retaking the exam. The next six chapters cover all of the topics you need to become proficient in Word and coincide with the objective domain categories in the Microsoft Word Certification Exam: Manage Documents, Insert and Format Text Paragraphs and Sections, Manage Tables and Lists, Create and Manage References, Insert and Format Graphic Elements, and Manage Document Collaboration. Short video tutorials are included for every single outcome in the book. 95 in all for when you need extra help or learn best by observation.

Word practice exam software included

Unlike any other Word exam manual available, this book includes Word practice exam software. The final chapter focuses on the practice exam software which closely mimics the format of the real exam. Custom built and specially designed by SDC Publications, this practice exam software can be taken multiple times so you are comfortable with the real test software. How to mark and return to questions, question format, live in application steps, and how the results are presented.

Study materials for all learning styles

Custom made Practice Exam Software. 95 short narrated video tutorials for every outcome in the book. End of chapter self exam and review questions. 75 Flashcards. Exam Day Study Guide.
