EU Security Missions and the Israeli-Palestinian Conflict Amr Nasr El-Din, 2016-12-19 This book explores and analyses the various factors that affected the formulation of the common EU policy towards the Middle East Peace Process MEPP as well as the specifics of the process by which the EU created EUPOL COPPS and EUBAM Rafah It answers two central questions firstly why and how did the EU decide to create and deploy these missions Secondly where do these two missions fit into the general EU approach to the conflict in the Middle East Based on confidential interviews with various actors in the process uniquely granted to the author it reveals the mechanics of decision making behind the scenes and argues that the EU decision to expand its role in the MEPP through the creation of the two missions was closely related to the EU s defined common interests in the Middle East Further it shows the missions were mainly the result of the EU s already established approaches to further its role in the international political arena This text will be of key interest to scholars and students of European foreign policy EU Politics Middle East politics and studies foreign policy analysis and more broadly to international relations

Israel and Hizbollah Clive Jones, Sergio Catignani, 2009-12-04 Since the end of the Cold War academic debate over the nature of war in the contemporary world has focused upon the asymmetric nature of conflict among a raft of failed or failing states often held together by only a fragile notion of a shared communal destiny Little scholarly attention has been paid however to one such conflict that predates the ending of the Cold War yet still appears as intractable as ever Israel s hostile relationship with Lebanon and in particular its standoff with the Lebanese Shi a militia group Hizbollah As events

surrounding the Second Lebanon War in the summer of 2006 demonstrate the clear potential for further cross border violence as well as the potential for a wider regional conflagration that embraces Damascus and Tehran remains as acute as ever This book focuses on the historical background of the conflict while also considering the role that other external actors most notably Syria Iran and the United Nations play in influencing the conduct and outcomes of the Israeli Lebanese conflict In addition it also looks at Hizbollah s increasing sway in Lebanese domestic politics its increased military cooperation with Iran and Syria and the implications of such developments
