De Japanse Expansieplannenoperatie Southern Area

Louis Morton

De Japanse Expansieplannenoperatie Southern Area:

Japanese Military Strategy in the Pacific War James B Wood, 2023-06-14 In this provocative history James B Wood challenges the received wisdom that Japan's defeat in the Pacific was historically inevitable. He argues instead that it was only when the Japanese military prematurely abandoned its original sound strategic plan to secure the resources Japan needed and establish a viable defensible perimeter for the Empire that the Allies were able to regain the initiative and lock Japanese forces into a war of attrition they were not prepared to fight. The book persuasively shows how the Japanese army and navy had both the opportunity and the capability to have fought a different and more successful war in the Pacific that could have influenced the course and outcome of World War II. It is therefore a study both of Japanese defeat and of what was needed to achieve a potential Japanese victory or at the very least to avoid total ruin. Wood's argument does not depend on signal individual historical events or dramatic accidents. Instead it examines how familiar events could have been different. War in the Pacific: Strategy and Command, CMH Pub 5-1 United States Army in World War II Analyzes organization and logistics as well as strategy and command covering the coming of World War II, Japanese policy and American strategy before Pearl Harbor, Japanese victories in the first six months of the war, first efforts in New Guinea and the Solomon Islands to stem the Japanese tide and the limited offensive in the summer of 1943. *Bougainville, 1943-1945* Harry A. Gailey, 1991-01-01 The 1943 invasion of Bougainville, largest and northernmost of the Solomon Islands and the naval battles during the campaign for the island contributed heavily to the defeat of the Japanese in the Pacific war. Gailey's history, San Jose State U, recounts the story of the long and arduous campaign. *Strategy and Command* Louis Morton, 1962 An analysis of organization and logistics as well as strategy and command covering the coming of the war, Japanese policy and American strategy before Pearl Harbor, Japanese victories in the first six months of the war, first efforts in New Guinea and the Solomons to stem the Japanese tide and the limited offensive in the summer of 1943. **The Fall of the Philippines** Louis Morton, 1953

Vego, 2015-02-25 A detailed study of three major naval operations of World War II. These three initiated by imperial Japan took place in the Pacific and resulted in the battles of the Coral Sea, Midway, Aleutians and the Philippine Sea. All the cases provide ample background on the geographic and strategic context of the operations as well as an account of the unfolding of the action utilizing much primary source material in especially American and Japanese archives.
