Love , The Romance of the Rose and the Making of Fourteenth-century English Literature Philip Knox,2022 This title provides a new account of the literary history of fourteenth century England arguing that many of this period's most distinctive literary experiments emerge through a productive dialogue with the Romance of the Rose a jointly authored medieval French poem **Chaucerian Dream Visions and Complaints** Dana M Symons,2004-11-01 On several counts one particular collection of French lyrics made in France in the late fourteenth century University of Pennsylvania MS 15 is the most likely repository of Chaucer's French poems It is the largest manuscript anthology extant of fourteenth century French lyrics in the formes fixes balade rondeaux virelay lay and five stanza chanson with by far the largest number of works of unknown authorship The known authors represented in the manuscript and the texts themselves have notable associations with England and with Chaucer And intriguingly there are fifteen lyrics each headed by the initials Ch very likely indications of authorship neatly inserted between rubric and text The rubrics together with other substantial manuscript evidence and the intrinsic worth of the poems make them easily the best candidates among extant French lyrics for Chaucer's authorship appropriate representatives of his French work from the Introduction **Law and Religion in Chaucer's England** Henry Ansgar Kelly,2023-05-31 These essays in a second collection by Professor Kelly investigate legal and religious subjects touching on the age and places in which Geoffrey Chaucer lived and wrote especially as reflected in the more contemporary sections of the Canterbury Tales Topics include the canon law of incest consanguinity affinity spiritual kinship the prosecution of sexual offences and regulation of prostitution especially in the Stews of Southwark legal opinions about wife beating and the laws of nature concerning gender distinction focusing on Chaucer's Pardoner and the technicalities of castration Sacramental and devotional practices are discussed especially dealing with confession and penitence and the Mass

Chaucer's Prioress serves as the starting point for a treatment of regulations of nuns in medieval England and also for the presence real and virtual of Jews and Saracens Muslims and pagans in England and conversion efforts of the time as well as sympathetic or antipathetic attitudes towards non Christians Included is a case study on the legend of St Cecilia in Chaucer and elsewhere and as patron of music and a discussion of canonistic opinion on the licit limits of medicinal magic in connection with the ministrations of John the Carpenter in the Miller's Tale

Chaucer and the Subversion of Form Thomas A. Prendergast, Jessica Rosenfeld, 2018-05-31 Responding to the lively resurgence of literary formalism this volume delivers a timely and fresh exploration of the works of Geoffrey Chaucer Advancing new formalist approaches medieval scholars have begun to ask what happens when structure fails to yield meaning probing the very limits of poetic organization While Chaucer is acknowledged as a master of form his work also foregrounds troubling questions about formal agency the disparate forces of narrative and poetic practice readerly reception intertextuality genre scribal attention patronage and historical change This definitive collection of essays offers diverse perspectives on Chaucer and a varied analysis of these problems asking what happens when form is resisted by author or reader when it fails by accident or by design and how it can be misleading errant or even dangerous
