Che La Vida Por Un Mundo Mejor:

Che (Edición Definitiva) Pacheco O'Donnell, 2012-10-01 O'Donnell reconstruye con amenidad y rigor el paisaje humano político y sentimental de uno de los grandes conatos del progresismo y la izquierda

Che Pacheco O'Donnell, O'Donnell, 2003-12 Ernesto Guevara de la Serna mejor conocido como El Che Guevara es actualmente un icono de la cultura popular en todo el mundo Este libro indaga en su vida desde la época de su infancia en Argentina comenta el viaje en motocicleta que realizó junto a su mejor amigo a través de Latinoamérica y cómo esta experiencia influyó decisivamente en sus futuras convicciones políticas también analiza sus lecturas de Marx Engels Lenin y Martí así como su decisivo encuentro con los hermanos Fidel y Raúl Castro en México No obstante el aporte más significativo del libro es el estudio que dedica a la aventura revolucionaria del Che en el Congo y Bolivia luego del triunfo de la Revolución Cubana Al poner estos tres procesos históricos en perspectiva utilizando como eje narrativo la biografía del Che el autor consigue reconstruir estos eventos con un rigor notable

Che Pacheco O'Donnell, 2003

ERNESTO CHE GUEVARA Marcos A. Alvarez, 2013-02-12 This book is a compilation of facts and ideas expressed by Guevara in his own speeches essays interviews working papers diary and others from conversations of family members friends subordinates and Castro including information from his best known biographers and supporters persuasive works published in Cuba and out after Che's death in Bolivia This was when he was not a threat to Fidel Castro's megalomania when Guevara did not constitute anymore a danger to Fidel's dream of becoming a hero and he would be the most important politician in America even perhaps in the whole world At that moment it was very important for Castro to use his limitless power in the Cuban government to develop the instrumentality necessary to transform Che's figure in what he is today an icon

Che on My Mind Margaret Randall, 2013-09-24 An impressionistic look at the life death and legacy of Che Guevara by the renowned feminist poet and activist Margaret Randall

The Politics of Che Guevara Samuel Farber, 2016-05-18 This reexamination of Ernesto Che Guevara's thoughts on socialism democracy and revolution is a must read for today's activists or anyone longing to fight for a better world Fifty years after his death Guevara remains a symbol to legions of young rebels and revolutionaries This unique book provides a way to critically engage with Guevara's economic views his ideas about revolutionary agency and his conduct as guerrilla commander and government administrator in Cuba Samuel Farber was born and raised in Cuba He has written extensively on Cuba and the Cuban Revolution and is author of *Cuba Since the Revolution of 1959*

The Political Theory of Che Guevara Renzo Llorente, 2018-02-09 Nearly half a century after his death Ernesto Che Guevara remains a compelling and controversial figure He was an original social theorist and many of his writings attest to an innovative interpretation of various concepts and commitments central to Marxist thought This is one of the first works to comprehensively consider his contribution to social and political theory for a student audience Firstly the book provides thorough and reliable accounts of the key theses concepts and commitments that give Che Guevara's theoretical and political orientation its distinctive character It addresses Guevara's views on topics such as work

morality in socialism egalitarianism prefigurative politics internationalism and the process of disem bourgeoisement Secondly the study situates Guevara s ideas within the context of the Marxist theoretical tradition and on the other hand twentieth century Latin American social thought To this end it will explore both the affinities and dissimilarities between Guevara s views on certain fundamental questions and the views represented by such figures as Marx Lenin Herbert Marcuse and Jos Carlos Mari tegui Finally The Political Thought of Che Guevara will provide critical assessments of Che s key ideas many of which remain relevant to contemporary debates in socialist theory

Fidel and Che Simon Reid-Henry,2011-01-15 Che Guevara has been dead for more than forty years and long ago renounced by Fidel Castro and yet they are forever linked their coming to prominence together captivated a generation For many their romantic struggle for freedom still resonates for others they simply represent the last of a dying breed of rebel warriors Yet while much has been written about them both surprisingly little is known about their personalities and even less about the 12 years of their unique and highly consequential relationship during which they linked arms in one of the world s greatest revolutionary movements Fidel and Che follows them on their dramatic journey from the safe houses of Mexico s political underground in the 1950s where they began hatching their plan for revolution to the theatre of war in the Cuban mountains to the paneled offices of a new government the Bay of Pigs and Cuban Missile crises happened on their watch and to the eventual rupture of their friendship as Che left Cuba to pursue his revolutionary dreams only to be assassinated by the CIA in 1966 Reid Henry also reveals the more personal world of their inner lives as friends husbands lovers fathers What began as an association of convenience became the most profound relationship of their lives It shaped their political ambitions and their personal attitudes compelling them further than either had previously dared imagine But if their times inspired a revolutionary friendship they also destroyed it for the tragic irony was that the more historical circumstance bound them together the more personal ambitions pulled them apart At a momentous turning point in Cuban history Simon Reid Henry has crafted a fascinating and original chronicle of two of the most powerful personalities in recent memory
