Jon McCormack, Mark d'Inverno

Charm And Speed Virtuosity In The Performing Arts:

Charm and Speed Vernon Alfred Howard, 2008 What is virtuosity Is it an innate gift or can it be taught How does it manifest in music dance or drama and by what criteria What does it take to become a virtuoso a what are the odds of success And ultimately at what price Examining the concept of virtuosity in multiple perspectives this book helps to answer those questions and many more V A Howard traces virtuosity from its historical roots to philosophical and psychological learning theory to the rigours of professional training and shows how high level performers are made marketed and sold by those who broker talent as a commodity Critics and theorists will find this book comprehensive and illuminating And for that vast group of budding aspirants and their mentors who desire to make it to figure out where they are going how far and why the insights contained herein are key to survival No dance or drama studio regional theatre music school or conservatory can afford to ignore this hard look at the realities of classical performance art and training For those whose vocation is performance this is required reading

Computers and Creativity Jon McCormack, Mark d'Inverno, 2012-08-21 This interdisciplinary volume introduces new theories and ideas on creativity from the perspectives of science and art Featuring contributions from leading researchers theorists and artists working in artificial intelligence generative art creative computing music composition and cybernetics the book examines the relationship between computation and creativity from both analytic and practical perspectives Each contributor describes innovative new ways creativity can be understood through and inspired by computers The book tackles critical philosophical questions and discusses the major issues raised by computational creativity including whether a computer can exhibit creativity independently of its creator what kinds of creativity are possible in light of our knowledge from computational simulation artificial intelligence evolutionary theory and information theory and whether we can begin to automate the evaluation of aesthetics and creativity in silico These important often controversial questions are contextualised by current thinking in computational creative arts practice Leading artistic practitioners discuss their approaches to working creatively with computational systems in a diverse array of media including music sound art visual art and interactivity The volume also includes a comprehensive review of computational aesthetic evaluation and judgement research alongside discussion and insights from pioneering artists working with computation as a creative medium over the last fifty years A distinguishing feature of this volume is that it explains and grounds new theoretical ideas on creativity through practical applications and creative practice *Computers and Creativity* will appeal to theorists researchers in artificial intelligence generative and evolutionary computing practicing artists and musicians students and any reader generally interested in understanding how computers can impact upon creativity It bridges concepts from computer science psychology neuroscience visual art music and philosophy in an accessible way illustrating how computers are fundamentally changing what we can imagine and create and how we might shape the creativity of the future *Computers and Creativity* will appeal to theorists researchers in artificial intelligence generative and evolutionary computing practicing

artists and musicians students and any reader generally interested in understanding how computers can impact upon creativity It bridges concepts from computer science psychology neuroscience visual art music and philosophy in an accessible way illustrating how computers are fundamentally changing what we can imagine and create and how we might shape the creativity of the future *The Oxford Handbook of the Phenomenology of Music Cultures* Harris M.

Berger,Friedlind Riedel,David VanderHamm,2024 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online *The Oxford Handbook of Philosophy in Music Education* Wayne D. Bowman,Ana Lucía Frega,2012-05-25

In *The Oxford Handbook of Philosophy in Music Education* editors Wayne D Bowman and Ana Lucia Frega have drawn together a variety of philosophical perspectives from the profession s most exciting scholars from all over the world Rather than relegating philosophical inquiry to moot questions and abstract situations the contributors to this volume address everyday concerns faced by music educators everywhere Emphasizing clarity fairness rigour and utility above all *The Oxford Handbook of Philosophy in Music Education* will challenge music educators all over the world to make their own decisions and ultimately contribute to the conversation themselves **Studio-Based Instrumental Learning** Kim

Burwell,2016-04-01 In *Studio Based Instrumental Learning* Kim Burwell investigates the nature of lesson interactions in instrumental teaching and learning Studio lesson activity is represented as a private interaction dealing with skill acquisition and reflecting a tradition based in apprenticeship as well as the personal attributes and intentions of participants The varied and particular nature of such interaction does not always lend itself well to observation or when observed to easy interpretation This presents particular problems for practitioners wishing to share aspects of professional knowledge and for researchers seeking to explain the practice Focusing on a single case study of two clarinet lessons Burwell uses video observations and interviews to analyse collaborative lesson activity through the rich transcription of performance verbal and nonverbal behaviours The foregrounded lesson interactions are also contextualised by the background consideration of social cultural and institutional frameworks The research is aimed a helping to create a framework that can support reflection among practitioners as they continually develop their work not only experientially through the tradition of vertical transmission from one musician to another but collaboratively through the horizontal sharing of good practice [The](#)

[Philosophy of Play as Life](#) Wendy Russell,Emily Ryall,Malcolm MacLean,2017-09-07 It is now widely acknowledged that play is central to our lives As a phenomenon play poses important questions of reality subjectivity competition inclusion and exclusion This international collection is the third in a series of books including *The Philosophy of Play* and *Philosophical Perspectives on Play* that aims to build paradigmatic bridges between scholars of philosophy and scholars of play Divided into

four sections Play as Life Play as Games Play as Art and Play as Politics this book sheds new light on the significance of play for both children and adults in a variety of cultural settings Its chapters encompass a range of philosophical areas of enquiry such as metaphysics aesthetics and ethics and the spectrum of topics explored includes games jokes sport and our social relationship with the Internet With contributions from established and emerging scholars from around the world The Philosophy of Play as Life is fascinating reading for all those with an interest in playwork the ethics and philosophy of sport childhood studies or the philosophy of education Popscrip: Graduate Research In Popular Music Studies Simone Krüger (ed.), Ron Moy (ed.), 2014-05-07 This book provides a collection of graduate students writings in popular music studies

Contemporary Piano Music Madalena Soveral, 2021-05-20 This collection addresses different issues involving performance and musical creation in contemporary piano music Organised into three sections it examines the aesthetic and technical aspects of musical creation in the 20th century and evaluates the questions that these aspects pose regarding the interpretative and performative process It also offers a reflection on artistic practices in the 21st century and explores their contribution to redefining the contemporary performative field The Human Touch Chloé Arros, 2024-09-27 The Human Touch is a book focused on the creative processes at work in British contemporary improvisational theatre and how these processes draw on the humanity of the participants their cognitive abilities their lives and their relationships to each other Vulnerability is a main feature of both the book and of improvisational theatre both part of the hurdles that improvisers face and a creative tool Through a study of improvisation and vulnerability the book teaches us both what makes improvisational theatre so human and opens the door to a reflection about how to use humanity and human emotions in performance Most importantly it delves into the cognitive and physiological processes at work in improvisation a topic which is missing from most manuals and studies offered to students This book is addressed to theatre students and provides both an important overview of the form s history and a challenge to what is usually taught about improvisation *Music in Our Lives* Jonathan L. Friedmann, 2015-01-02 Music research has entered something of a Golden Age Technological advances and scholarly inquiry have merged in interdisciplinary studies drawing on psychology neuroscience evolutionary biology anthropology and other fields that illuminate the musical nature of our species This volume develops supports and challenges that body of research examining key issues in the field such as the difficulty of writing about music the formation of musical preferences the emotional impact of musical sounds the comparison of music and language the impulse for making music and the connection between music and spirituality
