Clinical Handbook of Insomnia Hrayr P. Attarian, Catherine Schuman, 2007-06-06 It has been 5 years since publication of the first edition of Dr Attarian s Clinical Handbook of Insomnia which at the time was the first significant clinical textbook dedicated to insomnia an often overlooked but important medical problem The book was very well received There has now been sufficient new information on the subject to warrant a second expanded edition of this very useful volume Then as now the approach is to emphasize the frequent biological causes of insomnia rather than to attribute it primarily to underlying psychological and emotional factors This new edition is an impressive major effort having been expanded from 14 to 23 chapters including an extensive revision and updating of previous chapters with new references and the addition of many new authors An entirely new section of the book deals with insomnia in special populations including teenagers pregnancy menopause and the geriatric population Other new topics include insomnia as encountered in primary care practice the role of circadian rhythms the contribution of sleep related movement disorders to insomnia insomnia in pain disorders and the interesting entity of paradoxical insomnia in which there is a large discrepancy between the objective and subjective estimation of quantity of sleep This collection within a single volume of practical information concerning a common but often neglected disorder remains a very useful addition to the armamentarium of the general or specialty physician who wishes to properly address insomnia in an informed and responsible manner

The Sleep of Reason Martha C. Nussbaum, Juha Sihvola, 2013-08-02 Sex is beyond reason and yet we constantly reason about it So too did the peoples of ancient Greece and Rome But until recently there has been little discussion of their views on erotic experience and sexual ethics The Sleep of Reason brings together an international group of philosophers philologists literary critics and historians to consider two questions normally kept separate how is erotic experience understood in classical texts of various kinds and what ethical judgments and philosophical arguments are made about sex From same sex desire to conjugal love and from Plato and Aristotle to the Roman Stoic Musonius Rufus the contributors demonstrate the complexity and diversity of classical sexuality They also show that the ethics of eros in both Greece and Rome shared a number of commonalities a focus not only on self mastery but also on reciprocity a concern among men not just for penetration and display of their power but also for being gentle and kind and for being loved for themselves and that women and even younger men felt not only gratitude and acceptance but also joy and sexual desire Contributors Eva Cantarella Kenneth Dover Chris Faraone Simon Goldhill Stephen Halliwell David M Halperin J Samuel Houser Maarit Kaimio David Konstan David Leitaos Martha C Nussbaum A W Price Juha

Sihvola *Handbook of Sleep Disorders* Clete A. Kushida, 2008-12-22 Now in its second edition Handbook of Sleep Disorders is the classic all inclusive reference for sleep professionals around the world Contributed by leading authorities this new edition continues to provide a well organized guide to the diagnosis and treatment of the six major categories of sleep disorders insomnia circadian rhythm sleep disorders narcolepsy and parasomnias The new edition of Handbook of Sleep Disorders is a great reference for every sleep professional as well as any physician treating patients with sleep disorders Supported by tables and figures throughout each disorder is covered in depth to help sleep professionals *Early Birds, Late Risers, and Sleeping Beauties* Ivanna Vladkova Hollar, Mr. Carlo Cottarelli, Mr. Giovanni Dell'Ariceia, 2003-11-01 Following a period of privatization and restructuring commercial banks in Central and Eastern Europe and more recently in the Balkans have rapidly expanded their lending to the private sector This paper describes the causes of this expansion assesses future trends and evaluates its policy implications It concludes that bank credit to the private sector is likely to continue rising faster than GDP in the next few years throughout the region picking up also in countries where so far it has been stalled Although this growth should be regarded as a structural and positive development policymakers will have to evaluate carefully its implications for macroeconomic developments and financial stability **Sleep Apnea** Winfried J. Randerath, Bernd M. Sanner, Virend K. Somers, 2006-01-01 In the face of the rapid developments in sleep medicine this book seeks to present the current knowledge in the pathophysiology clinical presentation diagnosis and treatment of sleep apnea New physiological approaches to modeling sleep and recent pat
