Darwinism Design And Public Education Rhetoric And Public Affairs:

Law, Darwinism, and Public Education Francis J. Beckwith, 2002-12-24 In 1987 in *Edwards v Aguillard* the United States Supreme Court declared as unconstitutional a Louisiana statute requiring the state's public schools to teach creationism if evolution is taught and to teach evolution if creationism is taught. It was a serious blow to creationism in public schools but a new movement since then has kept the debate alive. That new movement is Intelligent Design. Should Intelligent Design be taught in schools. In *Law Darwinism Public Education* Francis J. Beckwith asks whether teaching ID in public schools would be constitutional in light of the Supreme Court's decision in *Edwards v Aguillard*. At that time the Court ruled that teaching creationism violates the Establishment Clause of the First Amendment of the U.S. Constitution. Beckwith examines the Intelligent Design theory and the *Edwards* case to find out whether teaching ID would suffer the same fate if brought before the court.

Darwinism, Design, and Public Education John Angus Campbell, Stephen C. Meyer, 2003 Examines intelligent design as a science, a philosophy, and a movement for educational reform. Central to all three aspects of ID is its claim that if science education is to be other than state-sponsored propaganda, a distinction must be drawn between empirical science and materialist philosophy.

Rhetoric and Public Affairs, 1998 **The SAGE Handbook of Rhetorical Studies** Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29 The *SAGE Handbook of Rhetorical Studies* surveys the latest advances in rhetorical scholarship, synthesizing theories and practices across major areas of study in the field and pointing the way for future studies. Edited by Andrea A. Lunsford and Associate Editors Kirt H. Wilson and Rosa A. Eberly, the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field.

Key Features: Brings together scholars from across the disciplines of Speech Communication, English, and Writing Studies. While rhetoric is by definition interdisciplinary, self-identified scholars in the field are most often institutionally separated from one another. This Handbook bridges this divide by providing a refreshing range of transdisciplinary views on the nature, status, definition, and scope of rhetoric today. Offers a thoroughgoing overview of rhetorical studies today. Organized in four sections: Historical Studies in Rhetoric, Rhetoric Across the Disciplines, Rhetoric and Pedagogy, and Rhetoric and Public Discourse. The volume provides a single resource for engaging rhetorical studies. Underscores the importance of rhetoric to education across a wide range of disciplines as well as to effective participation in public arenas. Thus the volume connects rhetoric's long teaching tradition to an activist agenda for informed civic engagement. Addresses methodological and theoretical difficulties and offers means of negotiating them. Provides one of the first introductions to rhetorical studies across cultures and to the related debates concerning comparative and contrastive rhetorics.

Rhetoric and Incommensurability Randy Allen Harris, 2005-09-19 *Rhetoric and Incommensurability* examines the complex relationships among rhetoric, philosophy, and science as they converge on the question of incommensurability, the notion jointly though not collaboratively introduced to science studies in 1962 by Thomas

Kuhn and Paul Feyerabend The incommensurability thesis represents the most profound problem facing argumentation and dialogue in science surely but in any symbolic encounter any attempt to cooperate find common ground get along make better knowledge and build better societies This volume brings rhetoric the chief discipline that studies argumentation and dialogue to bear on that problem finding it much more tractable than have most philosophical accounts **Routledge**

Michael Osborn on Metaphor and Style Michael Osborn, 2018-07-01 This volume features two dimensions of Michael Osborn's work with rhetorical metaphor The first focuses on his early efforts to develop a conception of metaphor to advance the understanding of rhetoric while the second concerns more recent efforts to apply this enriched conception in the analysis and criticism of significant rhetorical practice The older emphasis features four of Osborn's more prominent published essays revealing the personal context in which they were generated their strengths and shortcomings and how they may have inspired the work of others His more recent unpublished work analyzes patterns of metaphor in the major speeches of Demosthenes the evolution of metaphors of illness and cure in speeches across several millennia the exploitation of the birth death rebirth metaphor in Riefenstahl's masterpiece of Nazi propaganda Triumph of the Will and the contrasting forms of spatial imagery in the speeches of Edmund Burke and Barack Obama and what these contrasts may portend

Superchurch Jonathan J. Edwards, 2015-04-01 Christian Fundamentalism is a doctrine and a discourse in tension Fundamentalists describe themselves as both marginal and a majority They announce the imminent end of the world while building massive megachurches and political lobbying organizations They speak of the need for purity and separation from the outside world while continually innovating in their search for more effective and persuasive ways to communicate with and convert outsiders To many outsiders Fundamentalist speech seems contradictory irrational intolerant and dangerously antidemocratic To understand the complexity of Fundamentalism we have to look inside the tensions and the paradoxes We have to take seriously the ways in which Fundamentalists describe themselves to themselves and to do that we must begin by exploring the central role of the church in Fundamentalist rhetoric and politics Drawing on five fascinating case studies Superchurch blends a complex yet readable treatment of rhetorical and political theory with a sophisticated approach to Fundamentalism that neither dismisses its appeal nor glosses over its irresolvable tensions Edwards challenges theories of rhetoric counterpublics deliberation and civility while offering critical new insights into the evolution and continuing influence of one of the most significant cultural and political movements of the past century **John F. Kennedy and the**

Liberal Persuasion John M. Murphy, 2019-01-01 The first serious study of his discourse in nearly a quarter century John F Kennedy and the Liberal Persuasion examines the major speeches of Kennedy's presidency from his famed but controversial inaugural address to his belated but powerful demand for civil rights It argues that his eloquence flowed from his capacity to imagine anew the American liberal tradition Kennedy insisted on the intrinsic moral worth of each person and his language sought to make that ideal real in public life This book focuses on that language and argues that presidential words matter Kennedy's legacy rests in no small part on his rhetoric and here Murphy maintains that Kennedy's words made him a most consequential president By grounding the study of these speeches both in the texts themselves and in their broader linguistic and historical contexts the book draws a new portrait of President Kennedy one that not only recognizes his rhetorical artistry but also places him in the midst of public debates with antagonists and allies including Dwight Eisenhower Barry Goldwater Richard Russell James Baldwin Martin Luther King Jr and Robert Kennedy Ultimately this book demonstrates how Kennedy's liberal persuasion defined the era in which he lived and offers a powerful model for Americans today

In the Wake of Violence Cheryl R. Jorgensen-Earp, 2008-06-01 How acts of violence are rhetorically managed by social movements In the Wake of Violence explores the immediate and longer term aftermath of violence committed by independent radicals involved in single issue movements Cheryl R Jorgensen Earp explores several specific incidents in recent history the arson of a Vail ski resort by environmentalists the murder of Dr John Britton by an antiabortion activist and the torching of a University of California research laboratory by animal rights activists among them to discover how the perpetrators of the violence and the majority of reformers involved in their movements rhetorically framed the violent act for a potentially outraged public In the Wake of Violence claims Jorgensen Earp the perpetrators are often forthcoming with both explanations for and a defense of their actions casting themselves as righteous actors or martyrs for a cause However ardent reformers within the same cause might look with genuine revulsion at the actions of their own radical wing This study claims that the nonviolent majority in single issue reform movements employs a predictable constellation of rhetorical strategies to manage the impact of radical fringe violence The primary goal of this rhetoric is to avoid a backlash against the larger movement by a public alienated by violent acts In examining specific rhetorical responses by the nonviolent majority in antiabortion animal welfare environmental reform abolition and women's suffrage movements Jorgensen Earp considers a wide range of discourse types from newspaper articles interviews and editorials to private letters from editorial cartoons to the homemade signs of movement activists and from speeches to modern Internet sites She discovers that the image restoration techniques brought to bear for a reform cause are similar to those employed by a corporation accused of wrongdoing Ultimately she finds that the majority of proponents of the causes she examines believe that the violence can or will be condoned and that it must be rhetorically mitigated
