Contemporary Composers Daniel Gregory Mason, 1918 **Contemporary Composers on Contemporary Music** Elliott Schwartz, Barney Childs, 1967 This anthology of essays interviews and autobiographical pieces provides an invaluable overview of the evolution of contemporary music from chromaticism serialism and indeterminacy to jazz vernacular electronic and non Western influences Featuring classic essays by Stravinsky Stockhausen and Reich as well as writings by lesser known but equally innovative composers such as Jack Beeson and Richard Maxfield this collection covers a broad range of styles and approaches Here you will find Busoni's influential Sketch of a New Esthetic of Music Partch's exploration of a new notation system and Babbitt's defense of advanced composition in his controversial Who Cares If You Listen

Composition in the Digital World Robert Raines, 2015-02-02 American composers are at the forefront of a renaissance in concert music in the process expanding the very definition of the category The impact of digital technology on the creative process and the unprecedented diversity of contemporary composers are arguably among the catalysts driving the rebirth In this series of personal interviews with some of the most prominent composers of art music currently working on the American music scene composer and educator Robert Raines leads the intimate conversations through subjects ranging from the source of inspiration to work habits the realities of the business of music and the impact of technology on music and life in the 21st century The musicians who participated in these conversations are as different from one another as might be imagined both in styles of music and approaches to life and art resulting in a series of stories that offer a kaleidoscopic view of the many paths to creativity yet a common thread that runs through the interviews is the passionate artistic drive that is shared by all The inspirational stories of struggles and successes told in the artists own words and distinctively framed by their individual personalities humorous curmudgeonly serious serene and playful by turns is a delightful and thought provoking journey full of personal insights advice and sharp observations on composing music in a changing technology driven world A loving homage to the artistic spirit this book is a must read for students of composition professors and scholars of music composers and aspiring composers and anyone interested in the subjective process of writing music This rich and entertaining collection provides a unique glimpse into the workings of the creative spirit in the digital age

Women of Influence in Contemporary Music Michael K. Slayton, 2010-12-23 In *Women of Influence in Contemporary Music* Nine American Composers Michael K Slayton has collected essays which focus on women who have made significant contributions to American music Elizabeth Austin Susan Botti Gabriela Lena Frank Jennifer Higdon Libby Larsen Tania Le n Cindy McTee Marga Richter and Judith Shatin While these composers have much in common not least of all dedication to their art their individual stories reveal different impulses in American music Their works reflect the shifting societal landscapes in the United States over the last seven decades as well as different stylistic approaches to writing music Each chapter includes a biography of the composer an interview and a detailed analysis of one major composition The composers

openly reflect on their individual journeys in which they have discovered respective musical languages and have found success during different times in history Because few music books focus solely on female composers Women of Influence in Contemporary Music offers a rare glimpse into the styles and attitudes of gifted women and their work **Studies of Contemporary American Composers** John Tasker Howard,1926 Contemporary American Composers ,1982 Modern Music and Musicians: The great composers : critical and biographical sketches Louis Charles Elson,1918 Modern Music and Musicians: The great composers, part 1.
