Contemporary Japanese Jewellery Simon Fraser, Toyojirō Hida, 2001 Featuring 200 examples of the very finest work by more than 50 contemporary Japanese artists this book is indispensable to anyone interested in modern developments in jewellery making and of great appeal to the broader craft and design community **Contemporary Japanese Jewellery** Simon Fraser, 2001 *Contemporary American Jewelry Design* Ettagale Blauer, 2013-06-29 The Phenomenon of Studio Goldsmithing When the history of art in the 1980s is written much of it will be etched in gold This is the time of the contemporary goldsmith an artist who chooses to work in precious metals rather than oils or marble The contemporary jeweler as artist has only recently become a recognized force With rare exceptions the whole field is little more than thirty years old But it is only within the past fifteen years that these jewelers have entered the jewelry mainstream The phenomenon of contemporary goldsmithing embraces an eclectic group of artists each with a unique vision each taking a personal path to jewelry producing They have as little relationship to the typical mass produced jewelry as a champagne maker has to a bottle of orange soda They approach a piece of art not a piece of metal The work is personal and a perfect expression of the back to the land movement that spawned it Many of these goldsmiths were looking not merely for a way to make a living but for a way to make a life that was worthy of living Running a business while trying to remain a creative metalsmith at the same time is the ongoing challenge The jeweler artists have solved or resolved these often conflicting needs in slightly different ways and in a beautiful variety of techniques and styles Their methods their growth and their work are discussed here **The Art of Jewelry** Marthe Le Van, 2006 Following *The Art of Jewelry Polymer Clay* this second book in the series takes an exciting look at one of the most popular materials in crafting today paper Artists have constantly pushed the envelope of this versatile medium these pages showcase their innovative techniques along with gorgeous work that is sure to inspire And no previous jewelry making experience is needed All the basics are beautifully laid out from an overview of the variety of available papers to an exploration of techniques Easy to follow how to photos clarify each step Best of all are the stunning projects including Yael Friedman's simple diamond solitaire rings K Dana Kagrise's elegant white bracelet made from vellum and Dorteia Hosom's brooches that feature sophisticated collages **Metalsmith**, 2003
