European Contract Law Bénédicte Fauvarque-Cosson, Denis Mazeaud, 2009-04-27 The Association Henri Capitant des Amis de la Culture Juridique Française and the Société de législation comparée joined the academic network on European Contract Law in 2005 to work on the elaboration of a common terminology and on guiding principles as well as to propose a revised version of the Principles of European Contract Law PECL The results of this work were sent to the European Commission and have already been published in French The English translation is now being published by Sellier Elp This work could contribute to the wider European project The part on the guiding principles could be a component of the CFR in the form of black letter model rules or recitals The part on terminology is in itself useful for the elaboration of the final various linguistic versions of the CFR It finds its place within the materials which will accompany the model rules Last but by no means least the revised version of the PECL should be considered by the European institutions as an alternative set of model rules on contract law
