Lean UX Jeff Gothelf, Josh Seiden, 2016-09-12 Lean UX has become the preferred approach to interaction design tailor made for today's agile teams In the second edition of this award winning book leading advocates Jeff Gothelf and Josh Seiden expand on the valuable Lean UX principles tactics and techniques covered in the first edition to share how product teams can easily incorporate design experimentation iteration and continuous learning from real users into their Agile process Inspired by Lean and Agile development theories Lean UX lets you focus on the actual experience being designed rather than deliverables This book shows you how to collaborate closely with other members of your Agile product team and gather feedback early and often You'll learn how to drive the design in short iterative cycles to assess what works best for the business and the user Lean UX shows you how to make this change for the better Frame a vision of the problem you're solving and focus your team on the right outcomes Bring the designers toolkit to the rest of your product team Share your insights with your team much earlier in the process Create Minimum Viable Products to determine which ideas are valid Incorporate the voice of the customer throughout the project cycle Make your team more productive combine Lean UX with Agile's Scrum framework Understand the organizational shifts necessary to integrate Lean UX *Designed for Digital* Jeanne W. Ross, Cynthia M. Beath, Martin Mocker, 2021-09-21 One of Forbes's Top Ten Technology Books of the Year How to redesign big old companies for digital transformation and success with examples from 300 business leaders and 30 organizations including Amazon Uber LEGO and Toyota Most established companies have deployed such digital technologies as the cloud mobile apps the internet of things and artificial intelligence But few established companies are designed for digital Full of practical advice and real life examples of digital transformation this book is an essential guide for retooling organizations for digital success through 5 key building blocks Shared Customer Insights Operational Backbone Digital Platform Accountability Framework External Developer Platform In the digital economy rapid pace of change in technology capabilities and customer desires means that business strategy must be fluid As a result business design has become a critical management responsibility Effective business design enables a company to quickly pivot in response to new competitive threats and opportunities Most leaders today however rely on organizational structure to implement strategy unaware that structure inhibits rather than enables agility In companies that are designed for digital people processes data and technology are synchronized to identify and deliver innovative customer solutions and redefine strategy Digital design not strategy is what separates winners from losers in the digital economy Designed for Digital includes case studies from Amazon BNY Mellon DBS Bank LEGO Philips Schneider Electric USAA and many other global organizations Drawing on 5 years of research the book is an essential guide for companies that want to disrupt rather than be disrupted in the new digital landscape [The AI Marketing Canvas](#) Raj Venkatesan, Jim Lecinski, 2021-05-18 This book offers a direct actionable plan CMOs can use to map out initiatives that are properly sequenced and designed for success regardless of where their

marketing organization is in the process The authors pose the following critical questions to marketers 1 How should modern marketers be thinking about artificial intelligence and machine learning and 2 How should marketers be developing a strategy and plan to implement AI into their marketing toolkit The opening chapters provide marketing leaders with an overview of what exactly AI is and how is it different than traditional computer science approaches Venkatesan and Lecinski then propose a best practice five stage framework for implementing what they term the AI Marketing Canvas Their approach is based on research and interviews they conducted with leading marketers and offers many tangible examples of what brands are doing at each stage of the AI Marketing Canvas By way of guidance Venkatesan and Lecinski provide examples of brands including Google Lyft Ancestry com and Coca Cola that have successfully woven AI into their marketing strategies The book concludes with a discussion of important implications for marketing leaders for your team and culture

Future Ready Stephanie L. Woerner, Peter Weill, Ina M. Sebastian, 2022-10-18 To be a top performer in the digital economy to become truly future ready you need a playbook Now you have one It seems like almost every company you can think of including your own has embarked on a digital transformation journey The problem is many companies start down the road without a good sense of where they are going or a clear idea of how they will create and capture digital value Not surprisingly this leads to problems failure to realize the value from digital in their bottom lines wasted resources and effort added complexity and dysfunction This compact no nonsense book provides a solution In their years of working with senior executives around the world MIT research scientists Stephanie Woerner Peter Weill and Ina Sebastian noticed that these leaders knew they had to transform their businesses but lacked a coherent framework and a common language a playbook to guide and motivate their employees and keep everyone focused on a common goal Future Ready is that playbook Based on years of rigorous research with data from more than a thousand companies BBVA CEMEX DBS Fidelity Maersk and many others the book provides a powerful field tested four pathways framework that offers insights into the important dimensions at which a firm must excel in order to be competitive as well as the organizational disruptions that every firm must manage as part of the transformation journey The book includes instructive examples sharp analyses assessments to help companies benchmark themselves against top performers and many illuminating visuals to help crystallize the data and ideas Woerner Weill and Sebastian show that the goal isn't digital transformation but rather a profound business transformation Future Ready is your essential guide for becoming a top performer in the digital economy
