Carolingian Chronicles Royal Frankish Annals And Nithards Histories Ann Arbor Paperbacks

Richard Emmerson

Carolingian Chronicles Royal Frankish Annals And Nithards Histories Ann Arbor Paperbacks:

Carolingian Chronicles Bernhard Walter Scholz, Barbara Rogers, 1970 The most comprehensive contemporaneous record of the rise and fall of the Carolingian Empire The Art of Medieval Jewelry T.N. Pollio, 2021-09-28 What are the origins of the imagery and designs on common jewelry and portable artwork between late antiquity and the Middle Ages These dynamic centuries encompass the transformation of the Greco Roman world into the nascent kingdoms and medieval states upon which most modern European nations are based The choices of jewelry and other forms of personal expression among the lower classes in ancient times is notoriously difficult to contextualize for a number of reasons Nonetheless these precious articles were expressions of individual identity as well as signifiers of rites of passage As such they reflect not only the people who wore them but also the social milieu and artistic trends at that moment in time This new study assists in identifying the types origins and routes of transmission of personal artwork particularly finger rings across Europe and Byzantium an area of study that has been neglected in previous works Some of this material represents the first time relevant research from Central and Eastern Europe has been translated and made available to the general reader in the English speaking world *Children of Ash and Elm* Neil Price, 2020-08-25 The definitive history of the Vikings from arts and culture to politics and cosmology by a distinguished archaeologist with decades of expertise The Viking Age from 750 to 1050 saw an unprecedented expansion of the Scandinavian peoples into the wider world As traders and raiders explorers and colonists they ranged from eastern North America to the Asian steppe But for centuries the Vikings have been seen through the eyes of others distorted to suit the tastes of medieval clerics and Elizabethan playwrights Victorian imperialists Nazis and more None of these appropriations capture the real Vikings or the richness and sophistication of their culture Based on the latest archaeological and textual evidence *Children of Ash and Elm* tells the story of the Vikings on their own terms their politics their cosmology and religion their material world Known today for a stereotype of maritime violence the Vikings exported new ideas technologies beliefs and practices to the lands they discovered and the peoples they encountered and in the process were themselves changed From Eirik Bloodaxe who fought his way to a kingdom to Gudrid Thorbjarnardottir the most traveled woman in the world *Children of Ash and Elm* is the definitive history of the Vikings and their time *Towns and Commerce in Viking-Age Scandinavia* Sven Kalmar, 2024-01-25 This volume offers an interdisciplinary and geographically wide ranging approach to understanding the emergence of towns and commerce in Viking age Scandinavia and their eventual demise by the end of the period It tracks the diverging characteristics of urban communities against the background of traditional social structures in the Viking world *Conquest and Christianization* Ingrid Rembold, 2018 Re-evaluates the political integration and Christianization of Saxony following its violent conquest 772-804 by Charlemagne

Warfare in the Global Middle Ages David S. Bachrach, Bernard S. Bachrach, 2025-09-30 War preparation for war and dealing with war's aftermath consumed the greater part of the surplus resources of societies around the globe throughout

the pre modern period Military matters affected men women and children alike as direct participants in organized violence as the victims of conflicts or through broad based impositions on ostensibly civilian populations in cash kind and labor Warfare in the Global Middle Ages illuminates the organization and conduct of war as well as the impact of warfare on societies in Europe Asia Africa and the Americas across a long millennium spanning from the third century CE to the sixteenth century CE The volume is organized in eight chapters which address the current state of scholarship regarding warfare over this long period the source materials available to scholars to investigate the myriad questions related to this broad field and the institutions developed by societies to defend themselves and engage in wars of conquest military technology the logistics of war the education and training of military leaders and individual combatants as well as strategy military intelligence and diplomacy The authors argue that an analysis of these topics illuminates broad similarities among polities across the globe the transmission of ideas and technologies on a regional and global level and also important differences in the ways that societies responded to similar challenges This work is intended broadly both for specialists in the history of warfare across the globe for an interested lay public as well as for use in the classroom

The Age of the Vikings Anders Winroth, 2016-03-01 A major reassessment of the vikings and their legacy The Vikings maintain their grip on our imagination but their image is too often distorted by myth It is true that they pillaged looted and enslaved But they also settled peacefully and traveled far from their homelands in swift and sturdy ships to explore The Age of the Vikings tells the full story of this exciting period in history Drawing on a wealth of written visual and archaeological evidence Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage He not only explains the Viking attacks but also looks at Viking endeavors in commerce politics discovery and colonization and reveals how Viking arts literature and religious thought evolved in ways unequalled in the rest of Europe The Age of the Vikings sheds new light on the complex society culture and legacy of these legendary seafarers

Cultivating the City in Early Medieval Italy Caroline Goodson, 2021-03-25 Demonstrates how food growing gardens in early medieval cities transformed Roman ideas and economic structures into new medieval values

[Key Figures in Medieval Europe](#) Richard K. Emmerson, 2013-10-18 From emperors and queens to artists and world travelers from popes and scholars to saints and heretics Key Figures in Medieval Europe brings together in one volume the most important people who lived in medieval Europe between 500 and 1500 Gathered from the biographical entries from the on going series the Routledge Encyclopedias of the Middle Ages these A Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics religion or the arts Individuals from places such as medieval England France Germany Iberia Italy and Scandinavia are included as well as those from the Jewish and Islamic worlds A thematic outline is included that lists people not only by categories but also by regions For a full list of entries contributors and more visit the Routledge Encyclopedias of the Middle Ages website

Routledge Revivals: Key Figures in Medieval Europe (2006) Richard Emmerson, 2017-07-05 First published

in 2006 Key Figures in Medieval Europe brings together in one volume the most important people who lived in medieval Europe between 500 and 1500 Gathered from the biographical entries from the series Routledge Encyclopedias of the Middle Ages these A Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics religion and the arts It includes individuals from places such as medieval England France Germany Iberia Italy and Scandinavia as well as those from the Jewish and Islamic worlds In one convenient volume students scholars and interested readers will find the biographies of the people whose actions beliefs creations and writings shaped the Middle Ages one of the most fascinating periods of world history
