Battleground: Science and Technology Peter H. Denton,Sal Restivo,2008-10-30 The modern world is filled with debate and controversy and science and technology the most characteristic features of the modern world are not immune Science and technology are implicated in many if not all of the issues troubles and problems students are likely to come across in their classes and in their everyday lives Science and technology serve as a primary pathway to understanding front page headlines on everything from war to AIDS and from oil exploration to global warming *Battleground Science and Technology* examines the most hot button issues involving science and technology and provides a balanced assessment of the arguments on all sides of the often strident debates The approximately 100 issues examined in *Battleground Science and Technology* include topics in the brain sciences including the controversies over the cause of autism and the reliability of memory as well as the debates over parapsychology debates surrounding information technology such as only privacy the impact of video games on social behavior and the advent of virtual reality the complexity over drugs and medications such as the testing of the efficacy of medications the war on recreational drugs and the costs of pharmaceutical research and hot button topics that are constantly in the news such as evolution and creationism DNA testing stem cell research and

genetically modified organisms Each entry provides a list of accessible resources useful for further research

MotorBoating ,1974-04 The Manuscript of Adlartok David Reed,2025-04-24 On Earth four university students stumble across a mysterious manuscript and discover a horrifying prophecy the imminent destruction of planet Earth Elsewhere in the world suspicious activity is putting the military organisations of major countries on high alert pre empting an apocalyptic attack from a faceless enemy But who CENTURIES LATER Earth is shrouded in noxious clouds of poison eradicating MOST life A few lucky humans find refuge on the planet Kazar Nazkar and learn the wonder of living in symbiosis with nature Hope for humankind may not be lost after all But a power hungry alien warlord threatens the survival of both humans and the inhabitants of Kazar Nazkar Will anyone survive all out war Will humans ever be able to return to Earth Only fate may decide

Captains Of War Edwyn Gray,1988-06-27 This book tells the story of captains of submarines and their experiences at war

Blazing Star, Setting Sun Jeffrey Cox,2020-06-25 From popular Pacific Theatre expert Jeffrey R Cox comes this insightful new history of the critical Guadalcanal and Solomons campaign at the height of World War II Cox s previous book *Morning Star Rising Sun* had found the US Navy at its absolute nadir and the fate of the Enterprise the last operational US aircraft carrier at this point in the war unknown This second volume completes the history of this crucial campaign combining detailed research with a novelist s flair for the dramatic to reveal exactly how despite missteps and misfortunes the tide of war finally turned By the end of February 1944 thanks to hard fought and costly American victories in the first and second naval battles of Guadalcanal the battle of Empress Augusta Bay and the battle of Cape St George the Japanese would no longer hold the materiel or skilled manpower advantage From this point on although the war was still a long way from being won the American star was unquestionably on the ascendant slowly but surely edging Japanese imperialism towards its sunset Jeffrey Cox s analysis and attention to detail of even the smallest events are second to none But what truly sets this book apart is how he combines this microscopic attention to detail often unearthing new facts along the way with an engaging style that transports the reader to the heart of the story bringing the events on the deep blue of the Pacific vividly to life
