Cultivating Perennial Churches Robert D. Dale, 2008 *Transitional Ministry* Molly Dale Smith, 2009-06-01 Transition is the word we use to describe the time following significant change In congregations that change might be the departure of the pastor a catastrophe such as Hurricane Katrina or 9 11 or simply the changes caused by growth Transition calls for clergy with special training to respond to the needs generated by the special time Task training and time limit are the hallmarks of transitional ministry Trained intentional interim clergy must have the skill and experience to lead congregations during transition However transitional or interim ministry has a bad

reputation in some places As one diocesan leader said We have never had a church in this diocese that was so bad off that an interim was needed Indeed there are some sick churches but most congregations have some good things happening and some things that need attention Intentional interim ministry can be medicine for the sick but in most cases it is better compared to vitamins that are taken to promote health This book seeks to clear up misconceptions about transitional ministry and present an accurate and up to date picture of transitional ministry and to describe the various settings in which this specialized ministry can be helpful Chapter authors all expert in transitional ministry in mainline Protestant denominations include Robert Friedrich John Keydel George Martin Loren Mead Barry Miller Nancy Miller Ineke Mitchell Ken Ornell Molly Dale Smith and Rob Voyle *Doing Good, Well* Dr. Craig A. Bell, 2020-03-20 This book is an attempt to synthesize the logic of mathematics organizational behavioral management policy of an MBA and ecclesial scholarship of a Doctorate of Strategic Leadership into the pages of one book This book begins with the premise that similar to corporate leaders faith based leaders are also capable of implementing these skills and resources to maximize the efficiency of church organizations It is critical that they have a full toolkit of resources to leverage when administering their organizations It also acknowledges and recognizes that a life fully engaged in active ministry doesn't necessarily allow time to pursue degrees in each of the aforementioned subjects As a result Dr Bell has attempted to create a medium through which ecclesial practitioners and scholars may review these various topics to obtain insight Similar to survey courses in college readers should see it as a beginning point for further exploration Take from it what you will and apply it to your God given vision Use it as a springboard to the progressively revealed Will of God for the effective administration of your call *Holy Places* Nancy DeMott, Tim Shapiro, Brent Bill, 2007-11-19 Building communicate Stained glass windows high altars multi purpose worship gymnasium spaces Plexiglas pulpits padded pews these and all other architectural elements say something about a congregation's theology and mission They point to a faith community's beliefs about worship identity purpose and more From the stark simplicity of a Quaker meetinghouse to the splendor of a Romanesque Revival building sacred spaces speak loudly What they say can either reinforce a congregation's mission or detract from it Holy Places is designed to be used by congregations who are involved in or are contemplating work on their facilities This could include renovation remodeling expansion or building No matter how extensive the project approaching the work with mission at the forefront is the key to having a final result that strengthens the congregation's ministry The process outlined in this book discern decide do lets congregations begin where they are and provides the help they need to move to the next level *SoulTypes* Robert Norton, Richard Southern, 2004-03-19 We are all wired for God but our needs inclinations and personalities are all different Using the metaphor of spiritual DNA SoulTypes will help you assess your own inborn qualities and find a spiritual path that will support your quest for a richer fuller more integrated life If you consider yourself spiritual but not religious SoulTypes will help you discover just what works for you With its inventory and assessment to guide you to discover and interpret your
