Developing Teacher Leaders Frank Crowther, 2002-04-25 The authors approach the looming vacuum in school leadership from a uniquely proactive perspective They have not only outlined a solid framework for thinking about parallel

leadership but have created a variety of experiential learning activities to use as a process for developing shared meaning and energy within the learning community as well Yvonne Caamal Canul Partner Educator Partnership for Success Michigan State Department of Education Developing Teacher Leaders presents a new paradigm of teacher leadership It is filled with remarkable concepts rich information and practical exercises that readers will find invaluable Gayle Moller Assistant Professor Western Carolina University Cullowhee North Carolina The authors work builds on the current research and theory of teacher leadership and places it in the broader context of leadership The authors also put forth the idea of parallel leadership that is teachers and administrators collaborating to foster develop and support teacher leadership The leadership exercises contained in the book give teachers and administrators further opportunities to hone their leadership capabilities

Developing Teacher Leaders Frank Crowther, Stephen S. Kaagan, Margaret Ferguson, Leonne Hann, 2002-04-08 Highlights include fourteen detailed hands on group exercises real life examples five keys to enhancing the teaching profession and concrete strategies for teacher administrator collaboration

Connecting Teacher Leadership and School Improvement Joseph Murphy, 2005-01-25 Increase student learning by developing teacher leaders This is the first book to synthesize theoretical empirical and practice based literature in order to provide a comprehensive look at what is known about teacher leadership and what works to support it The first part of the book explores the core concepts of teacher leadership while the second part shows readers how to establish the context in their school or district to cultivate and support teacher leaders A vital tool for school improvement this volume covers such important topics as The principal s critical role in supporting teacher leadership Cultivating teacher leadership through professional development Overcoming organizational barriers that hinder teacher leadership How teacher leadership can help advance school improvement efforts

Improving Schools Through Teacher Leadership Harris, Alma, Muijs, Daniel, 2004-12-01 Focusing on the ways in which leadership can be fostered and enhanced this text argues that teacher leadership is an intrinsic and important part of school and classroom improvement as well as considering the roles responsibilities and influences of teachers who lead

Experiencing Teacher Leadership Michael Coquyt, 2019-06-12 Experiencing Teacher Leadership is unique in the sense that it chronicles the experiences of five novice teacher leaders as they navigate their new roles as teacher leaders in their respective schools Teacher leadership is a not a new term in most educational circles but many educators are still unclear about the benefits of using teachers as leaders let alone what it looks like in action This book takes a deep dive into the experiences good and bad as five teacher leaders move in move through and move out of their first year as leaders in their respective buildings In order to do truly appreciate and understand their experiences qualitative research methods mainly interviews and observations were used to obtain valuable information from a first person perspective It is imperative that the voice of actual teacher leaders is heard and documented for anyone who is interested in learning more about school leadership that falls somewhere in between the classroom and the administration Quite possibly the most beneficial feature

for the reader is to discover what these teacher leaders learned along the way Transitioning from the classroom to a leadership role is difficult for many and the first year in this new role is certainly the most challenging This book highlights the challenges but most importantly offers practical guidance to prepare for and overcome some of the impediments first year teacher leaders face *Teacher Leadership in International Contexts* Charles F. Webber, 2023-03-23 This book addresses the critical gaps among understandings of teacher leadership across organizational and cultural contexts It challenges the use of the term teacher leadership as if there is a widely shared understanding of what it is and what it means for exercising influence and making decisions The book describes how implicit meanings and competing assumptions about teacher leadership may contribute to uncertainty and confusion in school communities The authors caution against the incorporation of teacher leadership in international policy making discussions without adequate consideration of contextual organizational historical and cultural differences that may lead to school community members struggling to accommodate the concept or worse ignoring other frameworks for facilitating more culturally appropriate decision making This book shares the findings of research conducted in several North American European African Latin American and Australasian contexts as part of the International Study of Teacher Leadership Study findings are used to posit contextualized conceptualizations of teacher leadership and to offer a perspective for positioning researchers and practitioners in the international teacher leadership discourse Flip the System Jelmer Evers, René Kneyber, 2015-06-26 Education is threatened on a global scale by forces of neoliberalism through high stakes accountability privatization and a destructive language of learning In all respects a GERM Global Education Reform Movement has erupted from international benchmark rankings such as PISA TIMSS and PIRL causing inequity narrowing of the curriculum and teacher deprofessionalization on a truly global scale In this book teachers from around the world and other educational experts such as Andy Hargreaves Ann Lieberman Stephen Ball Gert Biesta Tom Bennett and many more make the case to move away from this uneducational economic approach to instead embrace a more humane more democratic approach to education This approach is called flipping the system a move that places teachers exactly where they need to be at the steering wheel of educational systems worldwide This book will appeal to teachers and other education professionals around the world
