De La Literatura Al Cine De La Literatura Al Cine:

De la literatura al cine José Luis Sánchez Noriega, 2000 La adaptación de obras literarias al cine tiene la misma tradición centenaria que el séptimo arte Y sin embargo cada adaptación de una obra conocida renueva la eterna polémica se suele rechazar la película lamentando que la complejidad del texto literario haya sido despreciada por la superficialidad de las imágenes De la literatura al cine Teoría y análisis de la adaptación indaga en el núcleo de ese debate con voluntad de clarificar sus términos y apreciar la convergencia básica entre cine y literatura el arte de narrar En la primera parte se abordan las dimensiones que tiene la relación entre el cine y la literatura y se establece una tipología con los procedimientos más usuales de las adaptaciones desde la mera plasmación visual a la creatividad desplegada por cineastas tan singulares como Buñuel o Almodóvar En la segunda se ofrece una teoría del relato basada en los estudios narratológicos más solventes que da cuenta de las convergencias entre obras literarias y filmicas Y la tercera parte presenta seis modelos prácticos de análisis de adaptaciones que se corresponden a textos literarios diversos El libro que se completa con una amplia filmografía con las principales obras de la literatura que han sido llevadas al cine es el resultado de investigaciones y cursos y se dirige a los estudiosos interesados en el cine en cuanto relato y en el conocimiento de los trasvases culturales Luis Buñuel de la

literatura al cine Antonio Monegal, 1993 **Leer el cine la teoría literaria en la teoría cinematográfica** José Antonio Pérez Bowie, 2008-10-23 Reescrituras filmicas José Antonio Pérez Bowie, 2012-01-01 Este libro es el resultado de una reflexión conjunta que abordamos los miembros del Grupo de Estudios sobre Literatura y Cine GELYC de la Universidad de Salamanca sobre uno de los temas nucleares de nuestra investigación la problemática del trasvase de textos literarios a la pantalla Después de una serie de años dedicados al estudio de las adaptaciones en el cine español del período franquista investigación que se ha desarrollado en tres proyectos de investigación sucesivos el último de los cuales centrado en los años 1962 1975 y se encuentra aún en fase de ejecución sentimos la necesidad de ampliar el horizonte de nuestra labor aunque sólo fuera para buscar respuesta a las cuestiones de índole teórica que continuamente se nos planteaban especialmente al ser conscientes de la distancia cada vez mayor que media entre aquellas prácticas adaptativas y las que llegan a las pantallas actuales una distancia perceptible además en lo relativo al aparato técnico elaborado en torno a ellas y por supuesto a las expectativas y las condiciones de su recepción *Mexican Cinema* Carl J. Mora, 1989 The author's main reason for writing this book however is simply to provide an introduction to the Mexican commercial cinema for American and other English speaking readers Although the United States has been and continues to be a major foreign market for Mexican movies the overwhelming majority of Americans are unaware of them Mexican films are restricted to the Hispanic theater circuits and shown without English subtitles therefore anyone wishing to see a Mexican movie would have to be fairly fluent in Spanish Such a requisite effectively eliminates almost the entire general audience in the United States from exposure to Mexican cinema *Spanish Film and the Postwar Novel* Norberto Míguez-Arranz, 2002-12-30 The novel and the film are

two modes of representation based on different aesthetic tools but both are capable of articulating narrative discourses In Spanish Film and the Postwar Novel author Norberto Minguez Arranz offers a comparative analysis of the methods and mechanisms with which the novel and the film build their stories A theoretical framework that that puts into perspective such concepts as specificity representation and point of view gives way to a comparative study of five Spanish postwar novels and their respective film adaptations The Family of Pascual Duarte Time of Silence The Hive El Bosque Animado and Nuevas Amistades Revealing the existence of cinematic features of the novel and literary features of the cinema the author examines the ways in which this interdependence has become a permanent aspect of both arts with mutual influences and a great deal of nonexclusivity of properties By using this particular time and place as his locus of analytical thought Minguez Arranz provides an invaluable examination of two of this century s major creative forms El Lenguaje Cinematográfico Joaquim Romaguera, Joaquim Romaguera i Ramió, 1999 Es necesario conocer previamente el lenguaje propio de este medio de comunicaci n para aproximarse al s ptimo arte El libro incluye tambi n informaci n sobre videoteca para facilitar la utilizaci n del cine v deo en el aula **South American Cinema** Timothy Barnard, Peter Rist, 2010-06-28 Originally issued in hardcover in 1996 by Garland Publishing this important reference work is now available in paperback for a wider audience A distinguished team of contributors has compiled entries on 140 significant South American feature films from the silent era until 1994 The entries discuss each film s subject matter critical reception and social and political contexts as well as its production distribution and exhibition history including technical credits The entries are grouped by country and arranged chronologically Both fiction and documentary films some no longer in existence are included as well as extensive title name and subject indexes and glossaries of film and foreign terms **World Literature, Cosmopolitanism, Globality** Gesine Müller, Mariano Siskind, 2019-10-21 From today s vantage point it can be denied that the confidence in the abilities of globalism mobility and cosmopolitanism to illuminate cultural signification processes of our time has been severely shaken In the face of this crisis a key concept of this globalizing optimism as World Literature has been for the past twenty years necessarily is in the need of a comprehensive revision World Literature Cosmopolitanism Globality Beyond Against Post Otherwise offers a wide range of contributions approaching the blind spots of the globally oriented Humanities for phenomena that in one way or another have gone beyond the discourses aesthetics and political positions of liberal cosmopolitanism and neoliberal globalization Departing basically but not exclusively from different examples of Latin American literatures and cultures in globalized contexts this volume provides innovative insights into critical readings of World Literature and its related conceptualizations A timely book that embraces highly innovative perspectives it will be a mustread for all scholars involved in the field of the global dimensions of literature Gothic Cinema Xavier Aldana Reyes, 2019-12-12 Arguing for the need to understand Gothic cinema as an aesthetic mode this book explores its long history from its transitional origins in phantasmagoria shows and the first trick films to its postmodern fragmentation in the Gothic

pastiches of Tim Burton But what is Gothic cinema Is the iconography of the Gothic film equivalent to that of the horror genre Are the literary origins of the Gothic what solidified its aesthetics And exactly what cultural roles does the Gothic continue to perform for us today Gothic Cinema covers topics such as the chiaroscuro experiments of early German cinema the monster cinema of the 1930s the explained supernatural of the old dark house mystery films of the 1920s and the Female Gothics of the 1940s the use of vibrant colours in the period Gothics of the late 1950s the European exploitation booms of the 1960s and 1970s and the animated films and Gothic superheroes that dominate present times Throughout Aldana Reyes makes a strong case for a medium specific and more intuitive approach to the Gothic on screen that acknowledges its position within wider film industries with their own sets of financial pressures and priorities This groundbreaking book is the first thorough chronological transhistorical and transnational study of Gothic cinema ideal for both new and seasoned scholars as well as those with a wider interest in the Gothic
