71 ARTS & CRAFTS FOR SCHOOL CHILDREN EDITORIAL BOARD, 2015-09-01
Art and Craft is a diverse and creative subject that allows kids to explore ideas or concepts and then express it by making something. Today, arts and crafts are a great pastime and educational tool for kids. It can not only keep the tiny tots busy and entertained on a rainy day but also extend a child's fine motor skills, develop concepts like colour or numbers, and see scientific processes like gluing and paint drying in action. It also helps to develop the creative instincts of a child who is ever so enthusiastic to learn and create something new. However, children always need their parents or teachers' guidance, attention, along with love and affection in their lives. Hence, drawing, painting, or making simple yet attractive craft items with them could be real fun and a great way to create a lifetime of memories for you and your children/students, as the case may be. The book is a treasure trove of novel ideas and beautiful creations of Arts and Crafts with easily available objects such as crayons, water and oil colours of different shades, glue, scissors, paper, wax, clay.
