Crafting Public Institutions Leadership In Two Prison Systems Explorations In Public Policy:

Crafting Public Institutions Arjen Boin, 2001 Through case studies of two prison systems the U S Federal Bureau of Prisons and the Dutch prison system the book identifies the challenges and opportunities that confront public managers who want to reorient correctional policy and make prisons more effective The book describes how focused leadership or its absence can make a major difference in the character and performance of public organizations The author concludes that the ability of leaders to shape an organization s mission and motivate public servants in accordance with policy goals lies at the heart of making institutions work China's Unruly Journalists Jonathan Hassid, 2015-12-22 Despite operating in one of the most tightly controlled media environments in the world Chinese journalists sometimes take extraordinary risks braving the perils of job loss or imprisonment to report sensitive stories As a result a group of journalists stands at the forefront of some of China s most dramatic social and political changes This book is the first to systematically explore why some Chinese journalists decide to challenge Communist Party power holders and the censorship system Based on 18 months of fieldwork interviews with over 70 Chinese journalists and academics and analysis of nearly 20 000 Chinese newspaper articles it investigates the motivation behind news workers who often brave the perils of challenging an authoritarian system Rather than being driven by commercial pressures or financial inducements the book suggests that many aggressive journalists push the limits of acceptable coverage because of their sense of public spirit and their professional role orientation It argues that ultimately these advocate journalists matter because they challenge specific policies and are changing China one article at a time By investigating these path breaking journalists the book engages with literature across the social sciences on contentious politics and social movements political communication media theory and the sociology of professions Therefore it will be of great interest to students and scholars of Chinese Studies Politics and Media Studies **Subject Guide to Books in Print** ,1991 Forthcoming Books Rose Arny, 2001-08 **American Book Publishing Record** ,2001 *Visual Instruction Manual and Descriptive Catalog of Slides and Films* Visual Instruction Exchange Vernon M.
