Capitalism 4.0 The Birth Of A New Economy By Kaletsky Anatole 2011 Paperback:

Capitalism 4.0 Anatole Kaletsky, 2011-06-28 In this controversial book Anatole Kaletsky puts the upheavals of 2007-2009 in historical and ideological perspective. He shows how the forces that precipitated the financial meltdown are now creating a new and stronger version of the global capitalist system, one that will continue to be led and shaped by the U.S. if its businesses and politicians play their cards well. This is Capitalism 4.0 and it will change politics, finance, international relations, and economic thinking in the coming decades.

Delirium and Resistance Gregory Sholette, 2017-04-20 In the aftermath of the 2016 US elections, Brexit, and a global upsurge of nationalist populism, it is evident that the delirium and the crisis of neoliberal capitalism is now the delirium and crisis of liberal democracy and its culture. And though capitalist crisis does not begin within art, art can reflect and amplify its effects to positive and negative ends. In this follow-up to his influential 2010 book *Dark Matter: Art and Politics in the Age of Enterprise Culture*, Sholette engages in critical dialogue with artists, collectives, counter-institutions, and activist groups to offer an insightful firsthand account of the relationship between politics and art in neoliberal society. Sholette lays out clear examples of art's deep involvement in capitalism: the dizzying prices achieved by artists who pander to the financial elite; the proliferation of museums that contribute to global competition between cities in order to attract capital; and the strange relationship between art and rampant gentrification that restructures the urban landscape. With a preface by noted author Lucy R. Lippard and an introduction by theorist Kim Charnley, *Delirium and Resistance* draws on over thirty years of critical debates and practices both in and beyond the art world to historicize and advocate for the art activist tradition that radically and at times deliriously entangles the visual arts with political struggles.

Empires of the Mind Robert Gildea, 2019-02-28 Prize-winning historian Robert Gildea dissects the legacy of empire for the former colonial powers and their subjects.
