Crescent Moon Rising The Islamic Transformation Of America:

Crescent Moon Rising Paul L. Williams, 2013-01-22 Forty years ago Muslims in America were a statistically insignificant minority numbering fewer than one thousand individuals. By contrast, Islam is today the second largest and fastest growing religion in America with more than six million adherents. In *Crescent Moon Rising*, journalist Paul L. Williams examines the phenomenal rise of Islam in the United States and discusses its implications. In the first half of the book, the author traces the beginnings of Islam in this country, in particular the rise and influence of the Nation of Islam among African Americans. He emphasizes the impact of the 1965 Hart-Celler Act which abolished national origin quotas and led to successive waves of Muslim immigrants who entered this country from Palestine, Kuwait, Iraq, Southeast Asia, Africa, Turkey, and other parts of the world. In the second half, Williams considers statistical studies of American Muslims regarding age, groups, family size, professional affiliations, annual income, and religious and political commitments. He also addresses a number of disturbing concerns about some aspects of the Muslim presence in America. These include the connections between many American mosques with Saudi benefactors who promote an ultra-orthodox anti-Western agenda, the existence of Muslim paramilitary training grounds recruiting ex-convicts, and the ties of even self-described moderate Muslim spokespersons with more politically radical elements. Informative and at times controversial, *Crescent Moon Rising* clearly shows that Islam will be a force to reckon with for some time in America.

Finding W.D. Fard John Andrew Morrow, 2019-01-14 Since his arrival in Detroit on July 4, 1930, W.D. Fard, known also as Wallace Fard Muhammad and over fifty other aliases, has elicited an enormous amount of curiosity. Who was this man who claimed that he was both the Messiah and the Mahdi and who was identified as God in Person by his disciple Elijah Muhammad, whom he reportedly appointed as his Final Messenger? The people who actually met him and the scholars who have studied him have suggested that he was variously an African American, an Arab from Syria, Lebanon, Algeria, Morocco, or Saudi Arabia, a Jamaican, a Turk, an Afghan, an Indo-Pakistani, an Iranian, an Azeri, a white American, a Bosnian, a Mexican, a Greek, or even a Jew. In an attempt to determine the origins of W.D. Fard, most scholars have relied on his teachings as passed down and perhaps modified by Elijah Muhammad. Some have suggested that he was a member of the Moorish Science Temple of America or the Ahmadiyyah Movement. Others have suggested that he was a Druze or a Shiite. *Finding W.D. Fard: Unveiling the Identity of the Founder of the Nation of Islam* provides an overview of the scholarly literature related to this mysterious subject and the theories concerning his ethnic and racial origins. It provides the most detailed analysis of his teachings to date in order to identify their original and multifarious sources. *Finding W.D. Fard* considers the conflicting views shared by his early followers to decipher the doctrine he actually taught. Did W.D. Fard really profess to be Allah, or was he deified after his death by Elijah Muhammad? The book features a meticulous study of any and all subjects who fit the profile of W.D. Fard and provides the most detailed information regarding his life to date. It also offers an overview of the turn of the 20th-century Islam in the state of

Oregon demonstrating how much W D Fard learned about the Muslim faith while residing in the Pacific Northwest The work finishes with a series of conclusions and suggestions for further scholarship
