[China's Policy on Tibetan Autonomy](#) Warren W. Smith,2004

China's Tibet? Warren W. Smith,2008-05-16 This groundbreaking book explores China s efforts to assimilate Tibet in the process rewriting Tibetan history to conform to its own goals Warren W Smith argues that Beijing fears that any genuine autonomy or dialogue with the Dalai Lama will fuel renewed nationalism in China s Tibet as the leadership calls its possession Highlighting China s past and current propaganda on Tibet the book demonstrates China s sensitivity regarding the legitimacy of its rule In the absence of any solution Smith advocates promoting Tibet s right to self determination as the most viable strategy for sustaining international attention and maintaining the most essential elements of Tibetan national identity This thoroughly informed work will be valuable not only to Tibet experts and students but also to the larger world of Tibet activists sympathizers and others attempting to understand China s policies

China's Tibet? Warren W. Smith,2009 This groundbreaking book explores China s efforts to assimilate Tibet in the process rewriting Tibetan history to conform to Beijing s goals Warren W Smith Jr provides the historical context for understanding the current situation through an overview of China s actual as opposed to its promised policies toward Tibet over time His clear eyed appraisal of Chinese policy convincingly shows that the PRC s ultimate intention is assimilation rather than autonomy The author argues that Beijing fears that any genuine autonomy or dialogue with the Dalai Lama will fuel renewed nationalism in China s Tibet as the Chinese leadership calls its possession The book highlights China s past and current propaganda on Tibet to demonstrate China s sensitivity and defensiveness regarding the legitimacy of its rule It traces the history of Sino Tibetan dialogue to show how China has tried to use it to defuse Tibetan exile and international criticism while making no concessions in regard to Tibetan autonomy In the absence of any solution Smith advocates the promotion of Tibet s right to self determination as the most viable strategy for sustaining international attention and maintaining the most essential elements of Tibetan national identity Smith s thoroughly informed work will be valuable not only to Tibet experts and students but also to the larger world of Tibet activists sympathizers and others attempting to understand China s policies

China's Frontier Regions Doug Smith,Michael E. Clarke,2016-03-08 China has traditionally viewed her frontier regions Xinjiang Tibet Inner Mongolia and Yunnan as buffer zones Yet their importance as commercial and cosmopolitan hubs intimately involved in the transmission of goods peoples and ideas between China and its west and southwest has meant they are crucial for China s ongoing development The resurgence of China under Deng Xiaoping s policy of reform and opening

has therefore led to a focus on integrating these regions into the PRC People's Republic of China. This has important implications not only for the frontier regions themselves but also for the neighbouring states with which they have strong cultural, religious, linguistic and economic ties. China's Frontier Regions explores the challenges presented by this integrationist policy both for domestic relations and for diplomatic and foreign policy relations with the countries abutting their frontier regions.

China's Tibet Policy Dawa Norbu, 1995 Law, Policy, and Practice on China's Periphery Pitman B. Potter, 2010-09-13. This book is a comprehensive study of China's legal and political governance of the ethnic regions of China, especially Inner Mongolia, Tibet and Xinjiang, and analyses its implication for Hong Kong and Taiwan.

India-China Relations Jagannath P. Panda, 2016-10-04. The rise of India and China as two major economic and political actors in both regional and global politics necessitates an analysis of not only their bilateral ties but also the significance of their regional and global pursuits. This book looks at the nuances and politics that the two countries attach to multilateral institutions and examines how they receive, react to and approach each other's presence and upsurge. The driving theme of this book is to highlight the enduring and emerging complexities in India-China relations which are multi-layered and polygonal in nature and both a result and reflection of a multipolar world order. The book argues that coexistence between India and China in this multipolar world order is possible but that it is limited to a medium-term perspective given the constraints of identity complexities and global aspirations these two rising powers are pursuing. It goes on to discuss how their search for energy resources, quest to uphold their own identity as developing powers and engagement in balance-of-power politics to exert authority on each other's presence are some elements that guide their non-cooperative relationship. By explaining the foreign policy approaches of Asia's two major powers towards the growing Asian and global multilateralism and highlighting the policies they carry towards each other, the book is a useful contribution to students and scholars of Asian Politics, Foreign Policy and International Relations.
