Hugh Stevens

Chronicle Of A Plague Revisited Aids And Its Aftermath:

Chronicle of a Plague, Revisited Andrew Holleran, 2008-05-13 Now both a retrospective consideration of the era and the literature it produced and an assessment of what was lost and what remains *Chronicle of a Plague Revisited* assembles twenty four of Holleran's famed Christopher Street essays all carefully revisited and framed by an expansive new introduction At every moment in this book Holleran marshals his talents as an observer reporter and writer to simultaneously capture and assess a historical moment that still informs and defines today's world particularly its community of homosexuals which arguably is still under the shadow of devastation wrought by the arrival of the AIDS epidemic **BOOK JACKET AIDS**

Literature and Gay Identity Monica Pearl, 2013-01-04 This book discusses the significance of late twentieth century and early twenty first century American fiction written in response to the AIDS crisis and interrogates how sexual identity is depicted and constructed textually Pearl develops Freudian psychoanalytic theory in a complex account of the ways in which grief is expressed and worked out in literature showing how key texts from the AIDS crisis by authors such as Edmund White Michael Cunningham Eve Sedgwick and also later the archives of The ACT UP Oral History Project lie both within the tradition of gay writing and a postmodernist poetics The book demonstrates how literary texts both expose and construct personal identity how they expose and produce sexual identities and how gay and queer identities were written onto the page but also constructed and consolidated by these very texts Pearl argues that the division between realist and postmodern and gay and queer respectively is determined by whether the experience expressed and accounted is mediated through the psychoanalytic categories of mourning or melancholia and is marked by a kind of coherence or chaos in the texts themselves This study presents an important development in scholarly work in gay literary studies queer theory and AIDS representation

AIDS Carol Sonenklar, 2011-01-01 In the United States and around the world AIDS remains a critical health issue Statistics from the U S Centers for Disease Control and Prevention show that 1.1 million people in the United States are living with HIV the virus that causes AIDS and an additional 56 000 are infected each year In July 2010 President Barack Obama's administration launched a new U S government initiative to stop the spread of HIV It was the first national strategy designed to cut new infections boost the number of people who get tested and treated and reduce disparities in access to care explains USA TODAY the Nation's No 1 Newspaper According to the government's report many people do not believe that HIV is an urgent health problem Yet without action the nation is likely to see an increase in the number of infections a lack of services for people living with HIV and a rise in health care costs In this book you'll learn more about the U S government initiative read stories of people living with HIV and AIDS and learn important information on how people cope with and live with this illness You'll discover the causes symptoms treatment and ways to stop the spread of HIV and get the facts you need to protect yourself your friends and your family from this serious disease *The Cambridge Companion to Gay and Lesbian Writing* Hugh Stevens, 2011 In the last two decades lesbian and gay studies have transformed literary

studies The Cambridge Companion to Gay and Lesbian Writing introduces readers to important concepts methods and cultural and historical debates relevant to the study of sexuality and literature Everything Must Go Dorian Lynskey,2025-01-28 A rich captivating and darkly humorous look into the evolution of apocalyptic thought exploring how film and literature interact with developments in science politics and culture and what factors drive our perennial obsession with the end of the world As Dorian Lynskey writes People have been contemplating the end of the world for millennia In this immersive and compelling cultural history Lynskey reveals how religious prophecies of the apocalypse were secularized in the early 19th century by Lord Byron and Mary Shelley in a time of dramatic social upheaval and temporary climate change inciting a long tradition of visions of the end without gods With a discerning eye and acerbic wit Lynskey examines how various doomsday tropes and predictions in literature art music and film have arisen from contemporary anxieties whether they be comets pandemics world wars the Cuban Missile Crisis Y2K or the climate emergency Far from being grim Lynskey guides readers through a rich array of fascinating stories and surprising facts allowing us to keep company with celebrated works of art and the people who made them from H G Wells Jack London W B Yeats and J G Ballard to The Twilight Zone Dr Strangelove Mad Max and The Terminator Prescient and original Everything Must Go is a brilliant sweeping work of history that provides many astute insights for our times and speaks to our urgent concerns for the future *Religion, Death, and Dying* Lucy Bregman,2009-11-25 A wide ranging anthology for general readers covering many religious ethical and spiritual aspects of death dying and bereavement in American society What do various spiritual and ethical belief systems have to say about modern medicine s approach to the end of life Do all major religions characterize the afterlife in similar ways How do funeral rites and rituals vary across different faiths Now there is one resource that gathers leading scholars to address these questions and more about the many religious ethical and spiritual aspects of death dying and bereavement in America Religion Death and Dying compares and contrasts the ways different faiths and ethical schools contemplate the end of life The work is organized into three thematic volumes first an examination of the contemporary medicalized death from the perspective of different religious traditions and the professions involved second an exploration of complex often controversial issues including the death of children AIDS capital punishment and war and finally a survey of the funeral and bereavement rituals that have evolved under various religions *Human Behavior in the Social Environment* Irl Carter,2017-07-12 Since the publication of the first edition of Human Behavior in the Social Environment several generations of students have successfully used this classic text which takes a social systems approach to human behavior This systems approach is still widely accepted in the human services disciplines including social work education nursing psychology and in human services programs themselves Its ideas have become the organizing framework for curriculum as well as fruitful sources for new applications of theory and practice Among the advantages of the social systems approach is that it permits students and practitioners to see connections between fields of practice between methods and across professional disciplines and bodies of

theory The book serves as a template of the concentric circles of human behavior with chapters on fields of behavior beginning with the person and ranging outward to culture and society Abundant examples from practice and from behavioral patterns are drawn from the social sciences topical events literature and the authors personal and professional experiences This volume responds to the needs of students and instructors as these have developed since the publication of the previous edition

The Routledge Handbook of Classics and Queer Theory Ella Haselswerdt, Sara H. Lindheim, Kirk Ormand, 2023-09-29 New directions in queer theory continue to trouble the boundaries of both queerness and the classical leading to an explosion of new work in the vast and increasingly uncharted intersection between these disciplines which this interdisciplinary volume seeks to explore This handbook convenes an international group of experts who work on the classical world and queer theory The discipline of Classics has been involved with and implicated in queer theory from the start By placing front and center the rejection of heteronormativity queer theory has provided Classics with a powerful tool for analyzing non normative sexual and gender relations in the ancient West while Classics offers queer theory ancient material such as literature visual arts and social practices that challenges a wide range of modern normative categories The collection demonstrates the vitality of this particular moment in queer classical studies featuring an expansive array of methodologies applied to the interdisciplinary field of Classics Embracing the indeterminacy that lies at the core of queer studies the essays in this volume are organized not by chronology or genre but rather by overlapping categories under the following rubrics queer subjectivities queer times and places queer kinships queer receptions and ancient pasts queer futures The Routledge Handbook of Classics and Queer Theory offers an invaluable collection for anyone working on queer theory especially as it applies to premodern periods it will also be of interest to scholars engaging with the history of sexuality both in the ancient world and more broadly

The Cambridge History of Gay and Lesbian Literature E. L. McCallum, Mikko Tuhkanen, 2014-11-17 The Cambridge History of Gay and Lesbian Literature presents a global history of the field and is an unprecedented summation of critical knowledge on gay and lesbian literature that also addresses the impact of gay and lesbian literature on cognate fields such as comparative literature and postcolonial studies Covering subjects from Sappho and the Greeks to queer modernism diasporic literatures and responses to the AIDS crisis this volume is grounded in current scholarship It presents new critical approaches to gay and lesbian literature that will serve the needs of students and specialists alike Written by leading scholars in the field The Cambridge History of Gay and Lesbian Literature will not only engage readers in contemporary debates but also serve as a definitive reference for gay and lesbian literature for years to come

Gordon Merrick and the Great Gay American Novel Joseph M. Ortiz, 2022-05-23 Gordon Merrick and the Great Gay American Novel is the first biography of Gordon Merrick the most commercially successful writer of gay novels in the twentieth century This book shows how Merrick's novels were largely based on his own life and time as a Princeton theater star a Broadway actor a New York reporter an OSS spy and the friend of countless artists and celebrities as an expatriate in

France Greece and Sri Lanka He lived much of his life as an openly gay man with his longtime partner Charles Hulse His 1970 novel *The Lord Won't Mind* broke new ground by showing that an affirming explicitly gay novel could be a bestseller His subsequent gay novels were both a cultural phenomenon and a lightning rod for literary critics This book also examines the complex often conflicting responses to Merrick's novels by gay readers and critics and it thus recovers the early post Stonewall debates over the definition of gay literature By reconstructing Merrick's life and critical fortunes this book expands our understanding of what it means to be a gay man in the twentieth century

If you ally craving such a referred **Chronicle Of A Plague Revisited Aids And Its Aftermath** ebook that will offer you worth, acquire the no question best seller from us currently from several preferred authors.
