Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this *Novel History* Mark C. Carnes, 2004-03-05 Historical fiction is a contradiction in terms History is what happened fiction what did not Yet great novelists have often disregarded this logical difficulty taking up the tools of the historian to explore the shadowy recesses of the past Their labors have brought forth many literary treasures But how accurately do these masterpieces of the imagination reflect the past In *Novel History* twenty accomplished historians consider this question in relation to some of our most important historical novels Their essays are followed in most instances by a response from the novelist These dialogues illuminate one of the most fascinating and perplexing issues of our time the relation between the real past and our finest imaginative renderings of it *Novel History* includes essays by distinguished historians such as John Demos Michael Kammen Joan D Hedrick John Lukacs Eugene D Genovese Richard White and Tom Wicker and responses from notable novelists including Gore Vidal John Updike Russell Banks Don DeLillo Larry McMurtry Jane Smiley Madison Smartt Bell William Styron T Coraghessan Boyle William Kennedy Charles Frazier Thomas Fleming and Tim O'Brien *Novel History* is both a uniquely compelling perspective and a superb collection of literary history

The American Biographical Novel Michael Lackey, 2016-04-07 Before the 1970s there were only a few acclaimed biographical novels But starting in the 1980s there was a veritable explosion of this genre of fiction leading to the publication of spectacular biographical novels about figures as varied as Abraham Lincoln Ludwig Wittgenstein Friedrich Nietzsche Emily Dickinson Virginia Woolf Henry James and Marilyn Monroe just to mention a notable few This publication frenzy culminated in 1999 when two biographical novels Michael Cunningham's *The Hours* and Russell Banks' *Cloudsplitter* were nominated for the Pulitzer Prize and Cunningham's novel won the award In *The American Biographical Novel* Michael Lackey charts the shifts in intellectual history that made the biographical novel acceptable to the literary establishment and popular with the general reading public More specifically Lackey clarifies the origin and evolution of this genre of fiction specifies the kind of truth it communicates provides a framework for identifying how this genre uniquely engages the political and demonstrates how it gives readers new access to history

Reading Capitalist Realism Leigh Claire La Berge, 2014-04-01 As the world has been reshaped since the 1970s by economic globalization neoliberalism and financialization writers and artists have addressed the problem of representing the economy with a new sense of political urgency. Anxieties over who controls capitalism have thus been translated into demands upon literature art and mass media to develop strategies of representation that can account for capitalism's power. *Reading Capitalist Realism* presents some of the latest and most sophisticated approaches to the question of the relation between capitalism and narrative form partly by questioning how the realism of austerity privatization and wealth protection relate to the realism of narrative and cultural production. Even as critics have sought to locate a new aesthetic mode that might consider and move beyond theorizations of the postmodern this volume contends that narrative realism demands renewed scrutiny for its ability to represent capitalism's latest scenes of enclosure and indebtedness. Ranging across fiction nonfiction television and film the essays collected here explore to what extent realism is equipped to comprehend and historicize our contemporary economic moment and what might be the influence or complicity of the literary in shaping the global politics of lowered expectations. Including essays on writers such as Mohsin Hamid Lorrie Moore Jess Walter J M Coetzee James Kelman Ali Smith Russell Banks William Vollmann and William Gibson as well as examinations of Hollywood film productions and *The Wire* television series *Reading Capitalist Realism* calls attention to a resurgence of realism's across narrative genres and questions realism's ability to interrogate the crisis-driven logic of political and economic common sense.

Invoking Hope Phillip E. Wegner, 2020-06-30 An appeal for the importance of theory utopia and close consideration of our contemporary dark times. What does any particular theory allow us to do? What is the value of doing so? And who benefits? In *Invoking Hope* Phillip E. Wegner argues for the undiminished importance of the practices of theory utopia and a deep and critical reading of our current situation of what Bertolt Brecht refers to as *finsternen Zeiten* or dark times. *Invoking Hope* was written in response to three events that occurred in 2016: the five hundredth anniversary of the publication of Thomas More's *Utopia* the one hundredth anniversary of the founding text in theory Ferdinand de Saussure's *Course in General Linguistics* and the rise of the right wing populism that culminated in the election of Donald Trump. Wegner offers original readings of major interventions in theory alongside dazzling utopian imaginaries developed from classical Greece to our global present from Theodor Adorno Ernst Bloch Alain Badiou Jacques Derrida Fredric Jameson Sarah Ahmed Susan Buck-Morss and Jacques Lacan to such works as Plato's *Republic* W E B Du Bois's *John Brown* Isak Dinesen's

Babette's Feast Kim Stanley Robinson's 2312 and more Wegner comments on an expansive array of modernist and contemporary literature film theory and popular culture With *Invoking Hope* Wegner provides an innovative lens for considering the rise of right wing populism and the current crisis in democracy He discusses challenges in the humanities and higher education and develops strategies of creative critical reading and hope against the grain of current trends in scholarship
