Cop Knowledge Christopher P. Wilson, 2000-06-01 Whether they appear in mystery novels or headline news stories on prime time TV or the silver screen few figures have maintained such an extraordinary hold on the American cultural imagination as modern police officers Why are we so fascinated with the police and their power What relation do these pervasive media representations bear to the actual history of modern policing Christopher P Wilson explores these questions by examining narratives of police power in crime news popular fiction and film showing how they both reflect and influence the real strategies of law enforcement on the beat in the squad room and in urban politics He takes us from Theodore Roosevelt's year of reform with the 1890s NYPD to the rise of community policing from the classic police procedural film *The Naked City* to the bestselling novels of LAPD veteran Joseph Wambaugh Wilson concludes by demonstrating the ways in which popular storytelling about police power has been intimately tied to the course of modern liberalism and to the rising tide of neoconservatism today A thorough brilliant blend that crosses disciplines Choice Sophisticated highly theoretical and ambitious Connects the history of policing to cultural representations of crime criminals and cops Times Literary Supplement A deeply satisfying approach to the crime narrative Wilson focuses ultimately on the role of police power in cultural storytelling American Quarterly *Cop Knowledge* Christopher P. Oxford Handbook of the History of Crime and Criminal Justice Paul Knepper, Anja Johansen, 2016-04-15 The historical study of crime has expanded in criminology during the past few decades forming an active niche area in social history Indeed the

history of crime is more relevant than ever as scholars seek to address contemporary issues in criminology and criminal justice. Thus, *The Oxford Handbook of the History of Crime and Criminal Justice* provides a systematic and comprehensive examination of recent developments across both fields. Chapters examine existing research, explain ongoing debates and controversies, and point to new areas of interest covering topics such as criminal law and courts, police and policing, and the rise of criminology as a field. This Handbook also analyzes some of the most pressing criminological issues of our time, including drug trafficking, terrorism, and the intersections of gender, race, and class in the context of crime and punishment. The definitive volume on the history of crime, *The Oxford Handbook of the History of Crime and Criminal Justice* is an invaluable resource for students and scholars of criminology, criminal justice, and legal history. **Police Writing and**

Radical Modernisation in the Porfiriato and the Conservative Republic (1870s-1910s) Agustina Carrizo de Reimann, 2024-08-30. This book explores the process of modernisation during the Porfiriato and the Conservative Republic from the perspective of one of its most erratic agents: the urban police. Taking a pragmatolinguistic approach, this book examines police bureaucratic, journalistic, and literary writing practices that flourished in the wake of police professionalisation and in response to the demands of state expansion, urban order, and cultural disciplining. It outlines the precarious state of an institution that had to redefine itself in the face of change, as well as policemen's attempts to enforce and imagine different modes of doing modern estate society and culture. Integrating classical sociological theories and perspectives from Latin American police studies with debates on republican modernity, this study argues for an understanding of fin de siècle modernisation as a process of radical transformation rather than a maladaptation to Western modernity or blunt heteronomy. With its comparative approach and theoretically informed analysis, this book will appeal to scholars exploring police formation in Argentina and Mexico, seeking new insights into this key period of national organisation and questioning the premises underlying the interpretation of modernity. The transdisciplinary approach will be of interest to researchers of writing cultures and postgraduate students wishing to engage critically with the sources of history. *The Harms of Crime Media* Denise L. Bissler, Joan L. Connors, 2014-01-10. A scan of today's television

programming reveals numerous media stories, factual and fictional, featuring some aspect of crime. These depictions can stray far from reality, with the effect of creating and reinforcing distorted impressions. This collection offers a sociological analysis of race, class, and gender stereotypes within crime media. Essays discuss particular examples of inequalities and stereotypes, consider the implications of such portrayals, and demonstrate how they influence the public's expectations and beliefs about real-world crime. **The American Mirage** Eunji Kim, 2025-05-06. How the entertainment narrative of upward mobility distorts the harsh economic realities in America. In an age of growing wealth disparities, politicians on both sides of the aisle are sounding the alarm about the fading American Dream. Yet despite all evidence to the contrary, many still view the United States as the land of opportunity. *The American Mirage* addresses this puzzle by exposing the stark reality of today's media.

landscape revealing how popular entertainment media shapes politics and public opinion in an increasingly news avoiding nation Drawing on an eclectic array of original data Eunji Kim demonstrates how amid a dazzling array of media choices many Americans simply are not consuming the news Instead millions flock to entertainment programs that showcase real life success stories such as American Idol Shark Tank and MasterChef Kim examines how shows like these leave viewers confoundingly optimistic about the prospects of upward mobility promoting a false narrative of rugged individualism and meritocracy that contradicts what is being reported in the news By taking seriously what people casually watch every day The American Mirage shows how rags to riches programs perpetuate the myth of the American Dream glorifying the economic winners fostering tolerance for income inequality and dampening support for redistributive policies that could improve people s lives

Media and Crime in the U.S. Yvonne Jewkes, Travis Linnemann, 2017-07-27 The rise of mobile and social media means that everyday crime news is now more immediate more visual and more democratically produced than ever Offering new and innovative ways of understanding the relationship between media and crime Media and Crime in the U S critically examines the influence of media coverage of crimes on culture and identity in the United States and across the globe With comprehensive coverage of the theories research and key issues acclaimed author Yvonne Jewkes and award winning professor Travis Linnemann have come together to shed light on some of the most troubling questions surrounding media and crime today

Down, Out & Under Arrest Forrest Stuart, 2016-08-02 A well supported critique of therapeutic policing and by extension of similar paternalistic efforts to help the poor by hassling them into good behavior Los Angeles Times In his first year working in Los Angeles s Skid Row Forrest Stuart was stopped on the street by police fourteen times Usually for doing little more than standing there Juliette a woman he met during that time has been stopped by police well over one hundred times arrested upward of sixty times and has given up more than a year of her life serving week long jail sentences Her most common crime Simply sitting on the sidewalk an arrestable offense in LA Why What purpose did those arrests serve for society or for Juliette How did we reach a point where we ve cut support for our poorest citizens yet are spending ever more on policing and prisons That s the complicated maddening story that Stuart tells in Down Out Under Arrest a close up look at the hows and whys of policing poverty in the contemporary United States What emerges from Stuart s years of fieldwork not only with Skid Row residents but with the police charged with managing them is a tragedy built on mistakes and misplaced priorities more than on heroes and villains At a time when distrust between police and the residents of disadvantaged neighborhoods has never been higher Stuart s book helps us see where we ve gone wrong and what steps we could take to begin to change the lives of our poorest citizens and ultimately our society itself for the better
