Cultural Amnesia Necessary Memories From History And The Arts:

Cultural Amnesia: Necessary Memories from History and the Arts Clive James, 2008-09-17 I can't remember when I've learned as much from something I've read or laughed as much while doing it Jacob Weisberg Slate This international bestseller is an encyclopedic A-Z masterpiece the perfect introduction to the very core of Western humanism Clive James rescues or occasionally destroys the careers of many of the greatest thinkers humanists musicians artists and philosophers of the twentieth century Soaring to Montaigne like heights Cultural Amnesia is precisely the book to burnish these memories of a Western civilization that James fears is nearly lost Cultural Amnesia Clive James, 2007 Containing more than 100 original essays organized by quotations James illuminates rescues or occasionally destroys the careers of many of the greatest thinkers humanists musicians artists and philosophers of the 20th century 110 photographs **Cultural Amnesia** Clive James, 2007 In the forty years it took me to write this book I only gradually realized that the finished work if it were going to be true to the pattern of my experience would have no pattern The book I wanted to write had its origins in the books I was reading Several times in my early days I had to sell my best books to buy food so I never underlined anything When conditions improved I became less fastidious Not long after I began marking passages for future consideration I also began keeping notes in the margin beside the markings and then longer notes on the endpapers As the time for assembling my reflections approached I resolved that a premature synthesis was the thing to be avoided So this is a book about how not to reach one If I have done my job properly themes will emerge from the apparent randomness and make this work intelligible But it will undoubtedly be a turbulent read and if this book were not difficult it would not be true A lifetime in the making Cultural Amnesia is the book Clive James has always wanted to write Organized from A through to Z and containing over 100 essays it's the ultimate guide to the twentieth century illuminating the careers of many of its greatest thinkers humanists musicians artists and philosophers From Louis Armstrong to Ludwig Wittgenstein via Walter Benjamin Sigmund Freud Franz Kafka and Marcel Proust it's a book for our times and indeed for all time **Cultural Amnesia** Clive James, 2007 Containing more than 100 original essays organized by quotations James illuminates rescues or occasionally destroys the careers of many of the greatest thinkers humanists musicians artists and philosophers of the 20th century 110 photographs Fighters & Writers Jr. John G.
