

Culturally-Responsive Lesson Plan Checklist

To complete a lesson plan, use the following checklist to ensure your lesson plan has all the basic components. Usually, a lesson allows students to master general goals or outcomes determined at the institutional, state or federal level. As an instructor, you create a lesson plan that addresses specific SMART learning goals or smaller steps students take to reach the general outcome. In addition to goals, lesson plans include a list of materials, essential content, and assessments that will be used to measure learning. Finally, the lesson organized in a specific order or sequence that should address student learning level.

Directions: To complete this checklist, add your comments to the Response Column. You should summarize what you already know, note research areas you need to complete, along with any action steps needed to take to complete the lesson plan. You can also request instructor feedback or work with peers.
