Learning Circles Michelle Collay, 1998-08-18 *The Golden Age Of Antibiotics Is Over* Deadly new organisms resistant to all known antibiotics are emerging all over the planet and gaining ground FAST It's over The truth is the comfortable world as we have known it for the last 60 years is coming rapidly to an end Bacteria are deadly and the short period of time where we were able to control them is vanishing fast Because of their fantastic power of multiplication doubling every 20 minutes or so

that new strain could be all over the Earth within months or even weeks You've heard of MRSA everyone has heard of MRSA But did you know that in 2009 an even more virulent new strain of MRSA emerged that is FIVE TIMES more deadly and kills 50% of its victims But it's not just MRSA Now we have VRE vancomycin resistant enterococcus which is far more deadly than MRSA 100% fatal septicemia Also we now have PRSP penicillin resistant Streptococcus pneumoniae It is reported that out of 100 000 hospitalizations for pneumonia 40% are now due to this organism And don't forget resistant syphilis is back on the loose Syphilis Lues was one of the most feared of all diseases for centuries and kept young men and women in terror of the act of sexual union Our old enemy TB is on the prowl too with a new strain which is classed MDR multiple drug resistant In Germany in the summer of 2011 A deadly new strain of E Coli emerged that is highly resistant to antibiotics and killed hundreds in Europe on its unstoppable rampage If you are not worried about this deteriorating position you should be False reliance on drugs and pharma medicine has proven to be a weak strategy the game is LOST The Truth Is You can't hold back bacteria They are too overwhelmingly numerous and powerful But there is GOOD news In the days before antibiotics not everyone died of their infections There were scores of great workable non drug solutions to infections These remedies still work You need to get to know them get re acquainted with our folklore and natural heritage again and fast You never know when the next outbreak will sweep your neighborhood It's important to strengthen your immune defenses of course But you also need to go on a short education course of learning what your antibiotic alternative options are To make it easy for you Dr Keith has compiled a comprehensive report of all the suitable alternatives with scientific studies to support them You'll be amazed just how many humble home remedies and plant based solutions have been studied scientifically and demonstrated to work effectively PLUS he has given you lots of very modern possibilities that were not even dreamed of in the era before antibiotics This is the AUTHORITY report you have been waiting for Dr Keith is well known for demanding minimum scientific standards not just myth wise woman stories and ignorant conjecture World Cultures: the Language Villages

David Willis, Walter Enloe, 2016-09-14 This special volume on the experiences and examples of language teaching and cultural immersion from the Concordia Language Villages CLV was created as a project honoring the founding and development of the Villages over fifty years ago Inspired as parents and educators by the Villages and the transformational experiences of our own four children Isaac Serene Jeffrey and Luke we wanted to share the impressive and extensive background of this experiment in global understanding with larger world audiences It is an example made even more poignant and important by events in Europe and elsewhere in these difficult years of the early 21st century **Resources in Education**, 1994

Resources in Education, 1993 **African Nationalism and Revolution** Gregory Maddox, 2019-11-04 The study of African history as an academic discipline is a rather new field and one that still has its detractors both within and outside academics This collection of articles highlights for students and scholars the modern era in African history It brings together published research on the colonial era in Africa an era relatively brief but one that saw dramatic change in African societies
