Cultuur in stroomversnelling C. A. van Peursen, 1985 **Justice for an Unjust Society** H.P.P. (Hennie)

Lötter, 2021-11-01 This book presents a theory of justice whereby people living in radically unjust societies may transform such societies in the direction of justice The identification of injustice is addressed since a radically unjust society may well conceal its injustice from its victims The book considers a range of moral and pragmatic requirements of political action in the transformation of society A special feature of this work of theory is that it is illustrated by troubling examples drawn from the history of South Africa The case made here is that justice is not just for just societies It is for all of us everywhere

filosofen staan de filosofen centraal die sinds de oprichting van de Vrije Universiteit in 1880 aan deze instelling verbonden zijn geweest Het gaat hierbij niet alleen om de inhoud van hun werk maar ook om de personen zelf Er waren filosofiedocenten die zich met de universiteit identificeerden en zich volledig konden ontplooien Er waren er echter ook voor wie dit niet gold die gesoleerd of in gewetensnood raakten Veel filosofiestudenten waren actief betrokken bij wat er in hun faculteit gebeurde Zij namen initiatieven protesteerden soms tegen de gang van zaken en kozen partij in conflictsituaties Sinds het eind van de jaren zestig van de twintigste eeuw verloor de Vrije Universiteit geleidelijk haar christelijk karakter Tegenwoordig werken alle stafleden vanuit hun eigen motivatie mee aan een hoofdzakelijk seculier geworden universiteit die ruimte biedt voor religieuze en levensbeschouwelijke diversiteit **The Gospel in the Western Context** Gert-Jan

Roest, 2018-10-02 In *The Gospel in the Western Context* Gert-Jan Roest focuses on discerning a Western contextual gospel an endeavour that is very relevant to the current state of Christianity in the postmodern and post Christendom West After giving an in depth analysis and synthesis of how Hendrikus Berkhof and Colin Gunton read the Western context and contextualize their Christology he develops a gospel centred model for reading the context Meanwhile he makes a creative and much needed attempt to connect the two disciplines of systematic theology and missiology and convincingly shows that both disciplines cannot only enrich one another but also can give church practitioners insight and wisdom for their tasks

Explorations of Value, 2022-01-04 The essays in *Explorations of Value* are drawn from work first presented at the 20th Conference of Value Inquiry They are not mere records of conference presentations The authors have reflected on their initial presentations They have rethought arguments in light of discussions at the conference They have revised their work All of this has combined to bring fresh ideas on important issues into carefully considered discussions The nineteen authors of the essays do not share a common viewpoint on all problems of value inquiry They are certainly not in agreement in their conclusions Their concerns however cluster around a recognizable body of questions Several of the authors raise fundamental questions on the nature of values and the possibility of giving them an objective status Some of the authors raise questions about where value inquiry becomes value advocacy They are also ready to ask whether or not advocacy is in the

legitimate purview of philosophers A number of authors set out to examine conditions of moral practice and of harming or benefiting people in general Other authors show a concern for juxtaposing moral values and aesthetic values in some cases to observe similarities in some differences Finally a few authors focus on particular notions such as forgiveness intimacy and love that are central to our lives
