

The book cover features a collage of scientific illustrations. At the top left is a detailed drawing of a horse's head in profile. To the right is a complex, tangled network of brown lines, possibly representing a biological structure or a nest. In the center, a bright blue, translucent, star-shaped object, likely a biological specimen, is prominently displayed. Below it, a circular, segmented structure resembling a cross-section of a biological specimen is shown. At the bottom left, there is a small inset image of a dark, textured surface. At the bottom right, there is a small inset image of a fish swimming in water.

As it is intended for assistance in dissection information regarding osteology and the details of the central nervous system have been purposely omitted and conversely the muscles are treated somewhat more fully than is customary

Comparative Anatomy/Lab Dissection Guide/Comparative Anatomy of Vertebrates Kent,1999-06-01 **Atlas and Dissection Guide for Comparative Anatomy** Saul Wischnitzer,1993-01-15 *Outline Lectures in Comparative Anatomy and Vertebrate Zoology* Edwin Chapin Starks,1926
