demand *Political Science Today* Wendy N. Whitman Cobb,2019-07-23 This is a solid textbook for an intro course It
follows different approaches in the discipline going subfield by subfield from Political Theory to American Politics
Comparative and IR It has a strong introductory chapter that helps disentangle the relation between politics and political
science Manuel Balan McGill University Political science has changed the way students learn has changed so too should the
way it s taught This is political science today Political Science Today by Wendy Whitman Cobb gives students a holistic view
of the subfields that make up political science by dedicating one chapter to each of the topics at the core of the discipline
Unlike denser texts on the market Political Science Today uses a field based approach that allows students to engage with
the material directly and dig into each of the discipline s diverse subfields while also developing critical thinking skills
discerning the differences between politics and political science conducting and consuming research and broadening their
future career aspirations This title is accompanied by a complete teaching and learning package Digital Option Courseware
SAGE Vantage is an intuitive digital platform that delivers this text s content and course materials in a learning experience
that offers auto graded assignments and interactive multimedia tools all carefully designed to ignite student engagement and
drive critical thinking Built with you and your students in mind it offers simple course set up and enables students to better
prepare for class Assignable Video with Assessment Assignable video available with SAGE Vantage is tied to learning
objectives and curated exclusively for this text to bring concepts to life LMS Cartridge formerly known as SAGE Coursepacks

Comparative Politics Charles Hauss,2000 This comprehensive text focuses on traditional issues and concepts in comparative politics using a unique theme domestic responses to global challenges The author examines the growing interdependence among strong and weak states and discusses 12 countries including the U S and the European community to help students develop their skills of comparison synthesis and interpretation the author organized the text by economic development

Democratic Uprisings in the New Middle East Mahmood Monshipouri,2016-01-08 As Egypt retreats from its newly elected government and Syria moves from one crisis to another this book s reflection on the Arab Spring could not be more timely Monshipouri s account of the role of emotion solidarity and online activism is informed by several trips to the region that continue to this day The uprisings were fueled by a demographic surge of young people unable to find employment and frustrated by the lack of freedom and now the elected regime has been ousted for failing to address these continuing circumstances While modern technologies and social media may have brought new politics to the streets organization on the ground trumps the enthusiasm of young protesters when it comes to shaping a country s political future How to turn elections into democracy in these post conflict societies continues to be a daunting task especially in countries with a longstanding history of military involvement in politics now experiencing a resurgence This book addresses all of these subjects in an engaging and accessible narrative Key features of the text
