Cheers The Hidden Voices Of Alcoholism:

Cheers Renate Van Nijen, 2011-08 *Cheers* is an amazing account of real life stories about the people behind alcoholism told by the sons daughters wives husbands parents and friends affected by it and by alcoholics themselves Each story offers a powerful message of profound insight and ultimate hope Having read one story we are impelled to read them all we feel we get to know the characters so well that by the end of the book they seem like friends we are sad to leave behind Uplifting enlightening touching and so very human this is a compelling read for all Beautifully written and very informative this book will dramatically change your understanding of alcoholism Wendy van Vreeswijk SRN NLP It s about time the silence was broken that we voiced our hidden secrets and that we courageously shared our experiences together we can raise awareness and therefore inspire change David Culhane MIHCA Holistic Consultant Psychotherapist and recovering alcoholic for twenty years Poignant and sometimes painfully revealing these often heart warming real life stories bring a powerful message of hope to those affected by alcoholism A must read not only for those with an alcohol problem and their families and friends but also health workers and anyone with an interest in the subject Dr Bernadette Veeger GP *Cheers: Breaking the Silence ... One Voice at a Time* Renate H. van Nijen, 2020-10-05 Can alcohol ruin the lives of those you love *Cheers* is an anthology of real life stories about the people behind alcoholism told by the sons daughters wives husbands parents and friends affected by it and by alcoholics themselves *Cheers* is a book with a message It also gives information about where to go for help Many people experience shame and isolation They rather not talk about the alcohol abuse of someone they love The short accessible stories in *Cheers* will be recognizable by many people This recognition can be an important incentive to seek help This is an international problem and *Cheers* contains the stories of people throughout Europe The powerful stories can also help health care workers who often mainly focus on the alcoholic understand that those who are affected by an alcoholic often also suffer health problems either through physical or verbal abuse and certainly because of the stress this creates This is an excellent book for doctors and nurses too to get a better understanding of this wide spread problem

Treasure Hidden Pedrameh Manoochehri, 2019-06-14 Before He entered my world and transformed it miraculously I went about my days giving no thought to my Maker I was a high school art teacher back then While I worked hard to impact my students and school for good I also enjoyed weekend happy hours and a pot habit On a couple of occasions just before I came to know the Lord I could easily have killed myself or someone else driving drunk This was a warning from God that my life was about to change drastically No one evangelized me I had warning dreams One seared the image of a brightly lit cross and crown into my mind s eye In another my friend warned me I would come to know the love of Christ I thought to myself But I m not religious Nevertheless by the Holy Spirit s leading and touch my heart was awakened to realize I love Jesus for some reason deeply Thus began my journey learning who He is in love and in justice Proverbs 4 23 states Keep your heart with all vigilance for from it flow the springs of life The question concluding this book and reflection on faith is this How do

you choose to spend your heart in all the limits that shape life What does my love speak of life and how do I spend my love I know that God s love spoke eternal life over me a sinner and He spent all His love on man s salvation He purchased such grace in the ultimate sacrifice Now how will I purchase Him my treasure How do I spend all I have buying my field The Hidden Tower James E Wisher,2020-06-19 Otto Shenk is the youngest son of a minor baron and a wizard Abused by his family and considered less than human by his kingdom Otto does his best to survive But everything changes when Otto stumbles across a tower hidden deep in a dark part of the forest near his home A tower that was once the home of an Arcane Lord the immortal wizards that long ago ruled the world Otto s life will be changed forever And so will the world Wicked Water MacKinlay Kantor , Basis for the film Hannah Lee An American Primitive MACKINLAY KANTOR Pulitzer Prize winning author of Andersonville Well Montgomery challenged him how many people have you killed The young man stopped laughing His face turned into black stone Sixty seven To Western cattle barons in 1899 the encroaching homesteaders were like cinders eyes But they were legal Even the rustlers among them seldom were brought to justice for lack of evidence There seemed to be only one way to pry loose those on the land and discourage others from settling scare them off To do just that some of the ranchers met in Pearl City in secret conclave They agreed to hire the most notorious professional killer then known Bus Crow They figured that a small dose of Bus Crow would quickly clear the ranges and keep them clear WICKED WATER is the story of the bloody descent of Bus Crow on the homesteaders of Pearl County It is the story too of the woman who loved him in spite of herself who bowed to justice in spite of her love Against a background of driving action MacKinlay Kantor probes the mysteries of a killer s mind of the dark rebellion that made him cry I ll always kill I ll shoot them down get a gun and keep killing and killing A NOVEL ABOUT A KILLER BY THE AUTHOR OF MIDNIGHT LACE GENTLE ANNIE
