

DIFFERENT TYPES OF WALL CRACKS

VERTICAL CRACKS

These cracks are usually non-structural and can be caused by something as simple as a poorly covered drywall seam. In poured concrete foundations, they're often caused by shrinkage during the concrete curing process.

HORIZONTAL CRACKS

Horizontal cracks are typically indicators of structural issues and are often accompanied by wall bowing. These cracks suggest that the foundation is under stress and requires prompt attention.

DIAGONAL & STAIR-STEP CRACKS

These cracks are also quite serious since they usually indicate structural issues with the foundation, like differential settlement. A professional should immediately address them.

Cracks In The Great Wall Cracks In The Great Wall:

Cracks in the Great Wall Charles Upton, 2005 Can we really know what UFO s are The answer is Yes but only if we study them armed with a kind of knowledge that explains the true and complete structure of the universe spiritual psychic and material a knowledge that only traditional metaphysics can provide Science can supply one piece of the puzzle detective work another psychic investigation still another But only metaphysics can put the puzzle together and give us a complete and satisfying picture of the UFO phenomenon *Cracks in the Great Wall* analyzes of the findings of UFO researcher Jacques Vallee and some of his colleagues in light of the teachings of Ren Gunon particularly as expressed in his prophetic masterpiece *The Reign of Quantity and the Signs of the Times* According to Gunon one of the signs of the End Times is the erosion of the energy barrier or Great Wall between the material plane and the world of subtle realities which is why our world is now being invaded by infra psychic forces of a terribly destructive nature Author Charles Upton shows how one of the most obvious examples of this invasion is the UFO phenomenon including the experience of alien abduction A lifetime student of comparative religion and mysticism he explains the true nature of UFOs the quality of the world they come from and also something about the agenda these beings or some of them are trying to impose upon our world If you want to remain merely mystified or fascinated by the UFO phenomenon this book is not for you But if you want to understand it *Cracks in the Great Wall* will give you the conceptual tools you need With the help of UFOlogists Jacques Vallee and John E Mack Christian writers C S Lewis and Seraphim Rose Kaballah authority Leo Schaya and traditionalist writers Ren Gunon and Whitall Perry Charles Upton has provided the most comprehensive explanation of the UFO phenomenon yet written It is difficult to be objective in areas outside our collective view of reality but if as the author contends his argument is based on sound principles it deserves serious consideration by all who are interested in the UFO phenomenon and its effect on our world Charles Upton is a serious writer from whom I have learned much His writing deserves close attention Prof Huston Smith author of *The World s Religions* etc
