Chess Endgame Books:

Chess Endgames for Kids Karsten Muller, 2015-06-23 Starting with the basic mates and the simplest pawn endings this book provides all the endgame knowledge that players need to take them through to club level and beyond Muller carefully guides us step by step through a fascinating range of endgame tactics and manoeuvres helping us understand the underlying logic

Tragicomedy in the Endgame Mark Dvoretsky, 2011 The Key Concepts of Chess Endings In 2003 when it was released Dvoretsky's Endgame Manual became an instant classic Now the chess instructor extraordinaire offers an introduction to the fascinating world of chess endings This book is designed to highlight the key concepts of the most common chess endgames and will prove quite instructive to chessplayers of all levels Topics include The King in the Endgame Pawn play Zugzwang Saving Methods Tactics in the Endgame Piece Maneuvering Piece Exchanges Technique and much more The author has countless practical suggestions for improving your endgame play in this era of rapid time controls so that you don't end up drowning in the ocean of endgame theory Let Mark Dvoretsky help you win more games as he examines some elementary endgame errors from master play and shows you how to avoid making the same mistakes 100

Endgames You Must Know Jesus de la Villa, 2015-12-28 New 4th and improved edition of an all time classic The good news about endgames is there are relatively few endings you should know by heart once you know these endings that's it Your knowledge never goes out of date The bad news is that all the same the endgame technique of most players is deficient Modern time controls make matters worse there is simply not enough time to delve deep into the position Jesus de la Villa debunks the myth that endgame theory is complex and he teaches you to steer the game into a position you are familiar with This book contains only those endgames that show up most frequently are easy to learn contain ideas that are useful in more difficult positions Your performance will improve dramatically because this book brings you simple rules detailed and lively explanations many diagrams clear summaries of the most important themes dozens of tests

Practical Chess Endings Paul Keres, 2018-10-26 An updated edition of Paul Keres classic endgame instructor designed specifically for practical players with over 500 extra diagrams to facilitate learning and memorisation of critical lines of endgame play It is an essential practical book for all chess players from one of the world's greatest grandmasters Keres remained an elite grandmaster throughout his life and is widely regarded as one of the strongest ever players not to have won the world chess champion His book is a comprehensive guide to the precise handling of all basic endgame positions It features logical step by step explanations of procedures required to obtain the best possible results from frequently occurring queen rook bishop knight and pawn endings It includes commentaries on the final stages of selected tournament games which demonstrate the art of favourable transposition from complex to clear cut endgames

Chess Endgames for Club Players Herman Grooten, 2022-10-11 Any good chess coach will tell you to study the endgame Improving your knowledge of the third phase in a chess game will bring you many extra half or even full points After the success of his award winning classics Chess Strategy for Club Players and

Attacking Chess for Club Players Herman Grooten has now written an equally instructive endgame manual He teaches you how to understand the themes of an endgame and find the right moves based on your understanding International Master Herman Grooten learned about endgames the hard way as many good players have Early in his career he realized there was a lot to be gained in this undervalued part of the game Building on his experience as a player and coach Grooten takes an original approach to convey his message the endgames are divided according to theme not chess material This is a novel but very effective way to learn the ins and outs since many themes can occur with different material balances The material is richly illustrated with many examples from practical play as well as endgame studies which present the motifs in their purest and most attractive form The result is a lively and highly instructive guide to the endgame *Practical Chess Endings* Irving Chernev, 1969-01-01 300 practical endgame situations ranging from very simple to masterpieces by Capablanca Reti Tarrasch Lasker more *Endgame Preparation* Jon Speelman, 1981 An advanced analysis of important areas of the chess endgame in which complex positions are re evaluated by the author who makes a number of significant improvements on previous assessments Understanding Minor Piece Endgames Karsten Müller, Yakov Konoval, 2018-11-27 Understanding Mastery Knowing the abilities and limitations of the minor pieces is very valuable for mastering the secrets of the royal game and this can be studied best in the endgame It is essential to understand the management of the long range bishop albeit confined to one color as well as the short range ubiquitous knight This book is the second volume in the authors acclaimed Understanding Endgames series It follows a dual philosophy like their previous work Understanding Rook Endgames It deals with seven piece minor piece endings in some detail These endgames are often so deep that pre tablebase analysis almost always contained errors Many new discoveries are revealed here In addition the authors emphasize the important five and six piece endings every club player should know But to really understand minor piece endings these theoretical positions are of course not enough Sub chapters on the principles of each material configuration have therefore been added Understanding Minor Piece Endgames will take you a long way to mastering these important endings Having had the pleasure to preview this book I can tell you that you are in for a treat Careful study of this book will benefit your chess immensely From the Foreword by GM Jacob Aagaard Dvoretsky's Endgame Manual: Fourth Edition Mark Dvoretsky, 2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky s Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever

published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here s what they had to say about the First Edition Dvoretsky s Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post Silman's Complete Endgame Course Jeremy Silman,2023 A chess writer speaker player and International Master has created this thorough guide to chess endgames Players of all levels can use this guide to move up the ladder from beginner to tournament player even to possession of the coveted Master title Every level of chess student will feel as if they are being given personal instruction with humor study plans and to the point examples designed to take them to new heights of chess understanding Going beyond the moves that constitute the endgame the author gives readers an understanding of how the endgame unfolds and how every player can adapt the endgame to their own playing style For players who have always found the endgame to be a mystery and have searched for a book that will turn a weak link the endgame into a personal field of power this book offers the answers
